

An abstract sculpture by Phyllida Barlow, featuring a complex arrangement of thick, rectangular blocks and thin, dark rods. The blocks are painted in vibrant colors: red, orange, yellow, and pink, with some sections in black and white. The rods are dark and intersect the blocks at various angles, creating a sense of dynamic tension and depth. The overall composition is dense and layered, with the blocks and rods overlapping and supporting each other in a non-linear fashion.
