Lakay David Frederick, 2017-10-23 Haiti is a land of great beauty and rich culture but it s also been plagued by corruption and poverty Author David Frederick remembers a happy childhood growing up in picturesque St Marc Haiti until the day he and his family had to flee following a brutal massacre in 2004 Lakay A Journey of Struggle Perseverance and Hope leads readers through glimpses of the author s life in Haiti amid growing social unrest and government corruption as well as his life as a new immigrant to the United States Frederick shares stories of the many obstacles he overcame while still holding onto hope And after a return visit to Haiti the author reflects on the current state of his native country and calls on this generation to be a force for change Those who grew up in Haiti may vividly remember some of the places and events discussed in this book but even non Haitians can still envision themselves moving along the same road the author has traveled because at the end of the day we have all traveled this road We may not all come from the same place or end up at the same destination but we have all shared moments of suffering fear hope setbacks and triumph We all wish to live in a peaceful and prosperous world

Making of an African Giant Dan Mou, 2015-10-16 The performance of Nigeria has recently been vehemently criticized as not commensurate with her human and material potentialities The hope that Nigeria is by destiny the African Giant appears to be fading Some analysts seeing this have blamed it on the character defects of the leadership in Nigeria They argue that because the leaders are predatory and corrupt they have preoccupied themselves with their interests which are primitive accumulation and luxurious lifestyles Meanwhile the rest of the citizens are suffering This book argues that such character defects may indeed exist in some of Nigerian leaders However these are not the main reasons for their dismal performance regarding the welfare of the citizens The main problem is that Nigerian leaders seem to have largely lost control over the state and its policies which appear to have been captured by the dominant classes and groups local and international Nigerias main problem is therefore a structural one Nonetheless the book concludes as the security economic political and social crises intensify Nigerian leaders even if it is simply for self preservation will be forced by the objective conditions to move against the interests of these dominant classes and groups It is only then that Nigeria can realistically be restored to the possibility of becoming an African Giant

The Healthy Leader Anna Michelle, 2018-06-26 This book will guide you on a journey of self reflection It was created to help you identify your character strengths and weaknesses and to motivate you to create a plan of action to empower the leader within you and enhance your personal performance Developing your character unlocks the leader within you and stabilize your gifts Sometimes we place people where we think they should go But the role of leadership is guiding them where they are destined to be If we concentrate on developing our character first leadership second then our gift we would see far greater results During the character building process you will discover the leader inside you first During that stage your gifts are revealed Many of us become so excited about the talents that we move out and walk in them before fully maturing in all stages Your gifts are only the vehicles used

to transport you into your purpose which is your final destination When a person doesn't submit to the character building process it causes them to rely on a weak gift A person with a weak gift becomes a weak leader and a weak leader will bring disaster to their team Healthy leaders submit to the maturing process They rely on their strengths and perfect their weaknesses They are problem solvers who ultimately become change agents The greatest problem solvers are those who are curious enough to search for the solution **The Character of a Patriot** Innocent Idoko Alikali, 2007 **The Publishers Weekly**, 2008 *Building the Best: 8 Proven Leadership Principles to Elevate Others to Success* John Eades, 2019-11-15 Build a world class team culture with proven principles from renowned Follow My Lead podcaster and business leader John Eades Organizational culture has undergone a seismic shift in the 21st century and with it the requirements of leadership In Building the Best LearnLoft CEO John Eades takes you on a journey of transformation that will equip you with the tools you need to become the kind of cutting edge leader today's workplace so urgently needs Leadership is about empowering inspiring and serving in order to elevate others over an extended period of time You are the perfect person to live this out every day Eades's powerful words form the backbone of this groundbreaking guide to cultivating leadership at its highest level Beginning with the benefits of great leadership and the drawbacks of bad leadership Eades offers real life examples of leaders who elevate others and how their practices have paid huge dividends At its core is a carefully balanced blend of love and discipline a guiding principle that helps create high levels of performance by leaning on standards while at the same time caring about the long term success and well being of each team member Through these proven practices you'll learn to Identify your current leadership style Rely on the purpose trifecta to guide your team Be a leader who properly leverages the Acts of Accountability model Create a Maximizing Mantra to produce energy and results Develop the skills of others by understanding the 4 Stages of Role Development Leadership is a journey not a destination Building the Best offers a powerful blueprint for embarking on that journey the first step in taking your team or organization toward true greatness Nigeria Political Leadership, 1960-2007 Damian Cos-Ukwuoma, 2007 Nigeria Weeps Ukachukwu Okorie, 2003 *Success with Purpose and Power* Myles Munroe, 2025-11-18 Best selling author Dr Myles Munroe offers daily practical and biblical advice for finding success in all areas of your life In Charge Myles Munroe, 2008-12-01 This is Myles Munroe's break out book IN CHARGE is the best conceived and organized book Munroe has ever delivered to his avid following and its captivating message will draw in a new audience of self help and business book readers Popular convention teaches that there are leaders and then there are followers This book shatters that myth Everyone asserts Myles Munroe is a leader IN CHARGE shows us how our own distinct talents and abilities are meant for application in the arena in which we are meant to lead Using liberating concepts of Christian spirituality Munroe recasts leadership as a process of self revelation discovery of community livelihood and empowerment of others **Charisma and Christian Life**, 2004 **The Christian Index**, 2000 *A Leader of Purpose and Power* Myles Munroe, 2024-10 Best selling author Dr Myles Munroe offers daily practical and
