Exception Greg Sumpter, 2019-05-07 One of the key premises for creating a separate criminal justice system for juveniles was that juveniles were not the same as adults and could therefore be rehabilitated Despite this premise still largely held today the rate of recidivism for juveniles is dismal The history of a supposedly rehabilitative juvenile justice system in the United States is a failed history of incarceration much like that of adult corrections Rehabilitation by incarceration has proved to be an ineffective and unsustainable strategy A robust amount of research shows that treating juveniles closer to home in fact in their communities is the most effective tool for rehabilitating juvenile offenders This book not only makes an argument for juvenile justice within a young person s community it provides a model From the beginning Tarrant County Juvenile Services has been an exception to the national norm This book traces the history of Texas s oldest juvenile probation department and the legacy left by the leaders of this agency from its inception The reader will take away vivid pictures of the leaders who transformed the system and real life examples of the key concepts underlying an effective and sustainable juvenile justice system with accountability both for juvenile offenders and for their communities

The Fantasy of Family Elizabeth Thiel, 2013-06-17 The myth of the Victorian family remains a pervasive influence within a contemporary Britain that perceives itself to be in social crisis Nostalgic for a golden age of Victorian values in which visions of supportive united families predominate the common consciousness exhorted by social and political discourse continues to vaunt the traditional natural family as the template by which all other family forms are gauged Yet this fantasy of family nurtured and augmented throughout the Victorian era was essentially a construct that belied the realities of a nineteenth century world in which orphanhood fostering and stepfamilies were endemic Focusing primarily on British children s texts written by women and drawing extensively on socio historic material *The Fantasy of Family* considers the paradoxes implicit to the perpetuation of the domestic ideal within the Victorian era and offers new perspectives on both nineteenth century and contemporary society

A true story of friendship and discovery, *Last Train Home* weaves individual riders' stories into a powerful tale of upheaval and resilience of second chances and triumph over tribulation, building strength of mind and character into an incredible reserve.
