RISE AGAIN FINISH STRONG Lloyd Walsh, 2025-08-04 When the life you've meticulously built crumbles and the path forward vanishes where do you find the strength to take another step Lloyd Walsh's *Rise Again* is a deeply personal and gripping journey through unimaginable trials that threatened to extinguish all hope Faced with profound loss a crisis of faith and crippling self doubt he battled to find meaning in a future he never envisioned Pushed to his absolute limits an unexpected encounter sparked a new possibility forcing him to confront his darkest fears Shared with raw honesty and interwoven with the unique perspectives of his three daughters this is more than one man's story It's an unfiltered look into a family's fight to overcome the unimaginable Discover the true power of a comeback and how even when your world tilts on its axis it's possible not just to stand but to soar

A Course in Behavioral Economics Erik Angner, 2020-11-27 This textbook looks at decisions how we make them and what makes them good or bad In this bestselling introduction Erik Angner clearly lays out the theory of behavioral economics and explains the intuitions behind it The book offers a rich tapestry of examples exercises and problems drawn from fields such as economics management marketing political science and public policy It shows how to apply the principles of behavioral economics to improve your life and work and to make the world a better place to boot No advanced mathematics is required This is an ideal textbook for students coming to behavioral economics from various fields It can be used on its own in introductory courses or in combination with other texts at advanced undergraduate and postgraduate levels It is equally suitable for general readers who have been captivated by popular science books on behavioral economics and want to know more about this intriguing subject New to this Edition An updated chapter on behavioral policy and the nudge agenda Several new sections for example on the economics of happiness Updated examples and exercises with an expanded answer key Refreshed ancillary resources make for a plug and play experience for instructors teaching behavioral economics for the first time

Finding the Hero in Your Husband, Revisited Juli Slattery, 2021-10-19 Women know how to work hard at marriage Often their efforts end up sabotaging rather than building intimacy Do you want to understand why In this rewrite of her bestseller *Finding the Hero in Your Husband* acclaimed Christian clinical psychologist and speaker Dr Juli Slattery gently guides women through topics that are inherently woven into every imperfect marriage *Finding the Hero in Your Husband Revisited* challenges misconceptions and outright misinformation that have misguided women for decades In truth women have power in marriage but they don't often know how to use it Illustrated with insightful real life case examples this book is both an educational resource as well as a practical how to guide for navigating everyday trials as well as deeper difficulties Juli offers understandable explanations of God's design healthy expectations that re frame experiences and relatable applications that women of faith can practice to influence their marriage and deepen their relationship with God *Finding the Hero in Your Husband Revisited* will help you more clearly see and encourage the hero within your husband by examining your own heart Book jacket

Corporate Risks

and Leadership Eduardo E. Mariscotti,2020-05-13 The context of business has been changing for companies in recent years and following numerous corporate and accounting scandals many countries have increased the number of national and international regulations designed to ensure transparency and compliance with the law Because of the existence of these new regulations the level of control the severity of sanctions by governments and the amount of the fines for noncompliance have increased dramatically In parallel with the technological revolution in communications business management has become more transparent and any negative event is uploaded to social networks and shared with an indeterminate number of people This change in the regulatory sanctioning and technological context has forced large companies to rethink risks investments and budgets to deal in this more complex environment To transition to this change some companies have included ethics and compliance programs in their corporate agenda along with marketing and sales plans strategies growth targets investment plans and or talent acquisition While each industry has its particular risks in this book the author describes the essential elements that any effective ethics and compliance program should contain This book is a source of information that connects yesterday with today The author shares observations and lessons of the past to suggest corporate leaders implement effective ethics and compliance programs to protect their organizations and themselves The book covers theories of ethics but with an eye focused on practical application Risks ethics and compliance are analyzed with an overall vision connected to the reality of business life without getting bogged down in abstract thinking or in technical and regulatory details Ethics and compliance are disciplines that have increasingly achieved greater recognition in organizations Thus due to the importance of risk management in the business world and the necessary involvement of the CEO and the board of directors it seems appropriate that executives get access to a book about risks ethics compliance and human resources directed not only to compliance experts but also to any organizational leader This book is a wake up call that allows business leaders to understand the benefits of implementing an effective ethics and compliance program that will help members of organizations to make the right decisions and act within the law If they do they can better prevent and react to the difficult obstacle course of risks dangers and threats that organizations face and that may jeopardize the sustainability resilience and survival of companies
