Latest Iphone Same Day Delivery Customer Service:

Electronic Commerce Efraim Turban,David King,Jae Kyu Lee,Ting-Peng Liang,Deborrah C. Turban,2015-01-29

Throughout the book theoretical foundations necessary for understanding Electronic Commerce EC are presented ranging from consumer behavior to the economic theory of competition Furthermore this book presents the most current topics relating to EC as described by a diversified team of experts in a variety of fields including a senior vice president of an e commerce related company The authors provide website resources numerous exercises and extensive references to supplement the theoretical presentations At the end of each chapter a list of online resources with links to the websites is also provided Additionally extensive vivid examples from large corporations small businesses from different industries and services governments and nonprofit agencies from all over the world make concepts come alive in Electronic Commerce These examples which were collected by both academicians and practitioners show the reader the capabilities of EC its cost and justification and the innovative ways corporations are using EC in their operations In this edition previous editions published by Pearson Prentice Hall the authors bring forth the latest trends in e commerce including social businesses social networking social collaboration innovations and mobility

Creating a Service Culture in Higher Education Administration Mario C. Martinez,Brandy Smith,Katie Humphreys,2023-07-03 Service delivery is part and parcel of every higher education professional s job both to improve service to students and to each other as internal customers Until now higher education professionals have had to rely for their professional development on books and training designed for the business sector This book is the first to specifically address the needs of higher education professionals across a wide range of administrative functions within college and university environments It is designed for administrative staff and management ranging from professionals working in centralized functions such as student affairs and enrollment management to those working as advisors or in career centers whether in community colleges four year institutions or for profit institutions Each chapter applies customer service principles to scenarios that are relevant to higher education The book begins by engaging the reader to define service and identify the external and internal customers who are recipients of that service It then maps customer interactions into a series of steps and offers departments and individuals a tool to maximize the customer experience Additional chapters address customer expectations creating a service culture on your campus and managerial influences on staff service delivery

Creating a Service Culture in Higher Education Administration is a complementary book to the online customer service and management training resources at softskillspros.com
