Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1959 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December On Paradise Drive David Brooks, 2004-06-02 The author of the acclaimed bestseller Bobos in Paradise which hilariously described the upscale American culture takes a witty look at how being American shapes us and how America's suburban civilization will shape the world's future Take a look at Americans in their natural habitat You see suburban guys at Home Depot doing that special manly waddling walk that American men do in the presence of large amounts of lumber super efficient ubermoms who chair school auctions organize the PTA and weigh less than their children workaholic corporate types boarding airplanes while talking on their cell phones in a sort of panic because they know that when the door closes they have to turn their precious phone off and it will be like somebody stepped on their trachea Looking at all this you might come to the conclusion that we Americans are not the most profound people on earth Indeed there are millions around the world who regard us as the great bimbos of the globe hardworking and fun but also materialistic and spiritually shallow They've got a point As you drive through the sprawling suburbs or eat in the suburban chain restaurants which if they merged would be called Chili's Olive Garden Hard Rock Outback Cantina questions do occur Are we really as shallow as we look Is there anything that unites us across the divides of politics race class and geography What does it mean to be American Well mentality matters and

sometimes mentality is all that matters As diverse as we are as complacent as we sometimes seem Americans are united by a common mentality which we have inherited from our ancestors and pass on sometimes unreflectingly to our kids We are united by future mindedness We see the present from the vantage point of the future We are tantalized at every second of every day by the awareness of grand possibilities ahead of us by the bounty we can realize just over the next ridge This mentality leads us to work feverishly hard move more than any other people on earth switch jobs switch religions It makes us anxious and optimistic manic and discombobulating Even in the superficiality of modern suburban life there is some deeper impulse still throbbing in the heart of average Americans That impulse is the subject of this book The Paradise Suite
