[TikTok Domination](#) Noah B. Strickland, 2025-11-04 Unlock the Secrets to Going Viral and Turning Followers into Income Are you tired of chasing TikTok trends without getting traction Wondering how top creators blow up overnight while your videos barely reach your followers TikTok Domination is your step by step roadmap to crack the algorithm build a loyal audience and monetize your content even if you're starting from zero Whether you're a content creator entrepreneur coach or brand this book gives you the 80/20 blueprint to scale fast convert attention into trust and transform your TikTok presence into a long term digital empire In this strategy packed guide you'll learn how to Hack TikTok's hidden algorithm signals Understand watch time replays engagement velocity and more Build content that feeds the algorithm instead of chasing it Use keyword rich hooks that grab attention in the first 3 seconds Master growth nurture and monetization content to build momentum and trust Automate your posting and scale with batch creation systems templates and SOPs Convert views into revenue with affiliate marketing digital products and TikTok Shops Leverage Spark Ads retargeting and funnel strategies to amplify winning content Grow through creator collaborations using duets stitches and

brand safe tag strategies Use analytics to focus on money metrics instead of vanity metrics Build a TikTok funnel that runs on autopilot and unlocks multiple revenue streams Unlike generic TikTok guides TikTok Domination is rooted in data driven frameworks reverse engineered virality and battle tested creator case studies You ll learn what works now not what worked two years ago If you re serious about mastering short form content scaling your digital brand and finally monetizing your influence this book is your blueprint

Every Screen on the Planet Emily Baker-White,2025-09-30 The story of the most effective attention algorithm ever invented and the superpower struggle to control it Every Screen on the Planet is the first major book on one of the most dramatic business stories of our time Touching on politics finance data and technology the struggle over TikTok has enormous implications for our information landscape and the technological cold war between the United States and China Emily Baker White s engrossing narrative charts TikTok s rise from obscurity into the world s most valuable startup led by its ambitious founder Zhang Yiming arguably the father of the modern recommendation algorithm Zhang s products reshaped the global internet from a place where you searched for information to one where information came to you TikTok seemed to know its users in an almost spooky way provoking wonder and delight People were hooked We intend to become ubiquitous a new hire training video said to put TikTok on every screen on the planet But virtually everything about TikTok s users their interests locations and even their unspoken desires was accessible to staff in Beijing After Baker White a Harvard trained lawyer and investigative reporter revealed that Chinese engineers could access Americans private information a team of employees used the app to track her location and attempt to expose whistleblowers This incident triggered an ongoing criminal investigation and escalated the US government s fight against Chinese tech TikTok was the first Chinese app to become a US juggernaut and lawmakers soon recognized its potential for surveillance and propaganda and the threat it might pose in the hands of their rivals Yet even as hawks in Congress gained support to ban the app the White House was secretly negotiating for unprecedented control over its information stream In 2025 when President Donald Trump declined to enforce the so called ban law TikTok seemed to complete a miraculous corporate escape It retained its influence profits and power but now operated at the pleasure of two strongmen China s Xi Jinping and Trump himself

The Social Media Diet Jim Wasserman, Jiab Wasserman,2023-12-06 In this book we describe the online world that youth begin to encounter often without adult oversight It is a critical time where they are first getting to know both the outside world and form their own identity We explain the social forces and sways that influence kids attitudes and choices from peers in social apps to influencers We show how the online world suggests answers that may or may not be right for individuals Each chapter we supplies lessons that teachers parents counselors and others can use to make youth aware of these online sways
