activities designed to improve organizational effectiveness The Business of Higher Education John C. Knapp Ph.D., David J. Siegel, 2009-10-22 At a time of great economic uncertainty The Business of Higher Education looks at the pros and cons of colleges and universities taking a more business like approach to fulfilling their missions How can colleges and universities navigate their way between shrinking commitments and the increasing expectations of their students Does the answer lie in taking a more business like approach This extraordinary resource considers the costs and benefits to both public and private institutions and to society when academe embraces business models for improving cost efficiency marketing hiring practices and customer service Bringing together a diverse team of contributors from the academic and business worlds The Business of Higher Education offers 35 essays in three volumes The first volume explores issues of leadership and culture the second focuses on management and fiscal strategies and the third volume takes up issues of marketing and consumer interests Throughout the work balances the contrasting perspectives of those within the academy and those outside of it as it considers whether higher education and the public interest are ultimately helped or harmed by the application of business methods to essential academic functions **The Great Brain Race** Ben Wildavsky, 2012-08-26 How global competition for the brightest minds is changing higher education In The Great Brain Race former U S News World Report education editor Ben Wildavsky presents the first popular account of how international competition for the brightest minds is transforming the world of higher education and why this revolution should be welcomed not feared Every year nearly three million international students study outside of their home countries a 40 percent increase since 1999 Newly created or expanded universities in China India and Saudi Arabia are competing with the likes of Harvard and Oxford for faculty students and research preeminence Satellite campuses of Western universities are springing up from Abu Dhabi and Singapore to South Africa Wildavsky shows that as international universities strive to become world class the new global education marketplace is providing more opportunities to more people than ever before Drawing on extensive reporting in China India the United States Europe and the Middle East Wildavsky chronicles the unprecedented international mobility of students and faculty the rapid spread of branch campuses the growth of for profit universities and the remarkable international expansion of college rankings Some university and government officials see the rise of worldwide academic competition as a threat going so far as to limit student mobility or thwart cross border university expansion But Wildavsky argues that this scholarly marketplace is creating a new global meritocracy one in which the spread of knowledge benefits everyone both educationally and economically In a new preface Wildavsky discusses some of the notable developments in global higher education since the book was first published **The Best Book On Top Ten MBA Admissions** Top MBA Students, 2012-03-02 Everyone's got an opinion on applying to bschool A Google search returns 400 THOUSAND results for how to get into hbs Most of them are free blogs and forums You've probably come across dozens of admissions experts who charge 500 hour to help you craft that perfect story and fine tune those all important essays Why spend all that time reading amateur bloggers who don't know

what they're talking about and worse provide misleading advice Why pay 1000s to people who may have gotten into a good school but only represent one experience That's why we created The Best Book We wanted to provide the definitive insider's guide to bschool admissions We found 9 students from the best bschools including HBS GSB Wharton Northwestern UChicago A Stanford dual degree GSB Stanford Law A Harvard 2 2 In 243 PACKED pages and for only 25 bucks they share exactly how they got in from selecting the right people to write their recommendations to brainstorming and writing their essays to deciding on round 1 vs 2 vs 3 *The Complete Book of Colleges, 2017 Edition* Princeton Review, 2016-07 The MEGA GUIDE to 1 355 COLLEGES AND UNIVERSITIES No one knows colleges better than The Princeton Review Inside The Complete Book of Colleges 2017 Edition you'll find meticulously researched information that will help you narrow the search for the best college for you Each of the 1 355 user friendly profiles answers your questions including How much are tuition and other student fees and costs What types of financial aid are available and when are the applications due What do admissions officers most look for in test scores and recommendations Which majors are the most popular and have the highest enrollment What is the housing like and how accessible is technology on campus What are the key campus organizations athletics and student activities How selective is the school Plus Indexes based on cost selectivity and size that will help you narrow your search Get a leg up on your college search with this easy to use comprehensive and savvy guidebook from the experts at The Princeton Review

Place Based Approaches to Sustainability Volume I Mara Del Baldo, Maria-Gabriella Baldarelli, Elisabetta Righini, 2024-02-22 Without respecting and nurturing place we cannot achieve a state of ecological sustainability Place based organizations are not run on a purely materialistic basis The non materialistic features of a place its aesthetics cultural heritage community feelings transcendence should be integrated into sustainability management This far reaching two volume work breaks with the economic logic of efficiency and profit maximization and suggests that organizations should inform their sustainability by encompassing feelings of identity with and attachment to place According to this vision the editors have compiled scholarly contributions aimed to support the ecological transformation of humankind by exploring both theoretical and practical models that integrate the sense of the place ethics and spirituality in new ways of organizing of economic and social life This first volume sets the theoretical direction of the volumes asking broad aesthetic questions around the ethical and spiritual foundations of sustainability It will be of interest to scholars practitioners and students of sustainability business ethics and spirituality
