Causal AI Robert Osazuwa Ness, 2025-02-25 Build AI models that can reliably deliver causal inference How do you know what might have happened had you done things differently Causal AI gives you the insight you need to make predictions and control outcomes based on causal relationships instead of pure correlation so you can make precise and timely interventions Causal AI is a practical introduction to building AI models that can reason about causality In Causal AI you will learn how to Build causal reinforcement learning algorithms Implement causal inference with modern probabilistic machine tools such as PyTorch and Pyro Compare and contrast statistical and econometric methods for causal inference Set up algorithms for attribution credit assignment and explanation Convert domain expertise into explainable causal models Author Robert Osazuwa Ness a leading researcher in causal AI at Microsoft Research brings his unique expertise to this cutting edge guide His clear code first approach explains essential details of causal machine learning that are hidden in academic papers Everything you learn can be easily and effectively applied to industry challenges from building explainable causal models to predicting counterfactual outcomes Foreword by Lindsay Edwards About the technology Traditional ML models can't answer causal questions like Why did that happen or What factors should I change to get a particular outcome This book blends advanced statistical methods computational techniques and new algorithms to create machine learning systems that automate the process of causal inference About the book Causal AI introduces the tools techniques and algorithms of causal reasoning for machine learning This unique book masterfully blends Bayesian and probabilistic approaches to causal inference with practical hands on examples in Python Along the way you'll learn to integrate causal assumptions into deep learning architectures including reinforcement learning and large language models You'll also use PyTorch Pyro and other ML libraries to scale up causal inference What's inside End to end causal inference with DoWhy Deep Bayesian causal generative AI models A code first tour of the do calculus and Pearl's causal hierarchy Code for fine tuning causal large language models About the reader For data scientists and machine learning engineers Examples in Python About the author Robert Osazuwa Ness is an AI researcher at Microsoft Research and professor at Northeastern University He is a contributor to open source causal inference packages such as Python's DoWhy and R's bnlearn Table of Contents Part 1 1 Why causal AI 2 A primer on probabilistic generative modeling Part 2 3 Building a causal graphical model 4 Testing the DAG with causal constraints 5 Connecting causality and deep learning Part 3 6 Structural causal models 7 Interventions and causal effects 8 Counterfactuals and parallel worlds 9 The general counterfactual inference algorithm 10 Identification and the causal hierarchy Part 4 11 Building a causal inference workflow 12 Causal decisions and reinforcement learning 13 Causality and large language models Media Libraries in an Age of Unending Consumption Mike Van Esler, 2023-10-24 As the home video market upended traditional film industry models media libraries emerged as important sources of ancillary revenue The inflection point for media library exploitation came in 2007 when Netflix launched its streaming service relying on

extensive licensing of film and television libraries to grow its subscriber base In this book Mike Van Esler examines how media libraries and business models have evolved since the home video era with particular emphasis placed on the streaming age of the past fifteen years Van Esler argues that media libraries have grown beyond their usages from the pre home video era to become central to today s corporate media strategy By studying the ways in which media library exploitation has scaled up since the turn of the new millennium the author identifies insights into larger media industry trends Ultimately this book explores the intersection of corporate media independent distributors private equity tech companies and audiences Scholars of media studies business and sociology will find this book of particular interest *Mass Communication* Ralph E. Hanson,2020-10-31 The best selling *Mass Communication Living in a Media World* presents a highly accessible introduction to mass communication that equips students with the critical thinking skills to become savvy media consumers To help students better retain the material author Ralph E Hanson uses a storytelling approach that weaves in examples drawn from everyday life Readers are encouraged to consider the media industry from the inside out and in doing so discover the many dimensions of mass communication that operate in our society The thoroughly revised Eighth Edition highlights how social and digital media video games and the COVID 19 pandemic are changing the face of media This title is accompanied by a complete teaching and learning package **The Glocalization of Shanghai Disneyland** Ni-Chen Sung,2021-04-11 Focusing on Disney s production of Shanghai Disneyland this book examines how the Chinese state and the local market influence Disney s ownership and production of the identities and the representations of Shanghai Disneyland Qualitative methods are here applied to combine both primary and secondary data including document analysis participant observation and in depth interviews Shanghai Disneyland is purposely created to be different from the other Disneylands under the authentically Disney and distinctly Chinese mandate In order to survive and thrive in China Disney carefully constructs Shanghai Disneyland as Disneyland with Chinese characteristics Previous studies tend to link Disney with cultural imperialism however this book argues that it is not imperialism but glocalization that promotes a global company s interests in China In particular the findings suggest state capital led glocalization glocalization led by economic capital of the state direct investment and economic capital with the state market potential Furthermore the four categories of glocalization with different conditions considerations and consequences illustrate various global local dynamics in the process of a global formation of locality The *Glocalization of Shanghai Disneyland* will appeal to students and scholars of sociology communication studies business studies and Asian studies more broadly *Sport Finance* Gil Fried,Timothy D. DeSchrive,Michael Mondello,2013 *Sport Finance Third Edition* allows students to grasp fundamental concepts in sport finance even if they have not previously studied finance The text engages students with a practical approach to traditionally difficult financial skills and principles **Screen Digest** ,2002 *Global Hollywood 2* Toby Miller,2005 This extensively revised edition of an best selling text provides a compelling exploration of Hollywood s global business practices
