The audience for the book is leadership educators and women looking to further explore leadership as a phenomenon. *Rooted and Radiant Women's Narratives of Leadership* is grounded in the hope and radiance described by Skye, one of the many voices in this collection where she described how leadership radiated all around me. The book is filled with narratives from women exploring their own stories of leadership and gender. These stories are woven together by an author team committed to centering the voices and lived experiences of these narrative authors. This book begins with important literature framing women and leadership. The early chapters also explore the research process of this book in depth.
