Designing for Democracy Jennifer Forestal, 2022 How should we fix digital technologies to support democracy instead of undermining it In *Designing for Democracy* Jennifer Forestal argues that accurately evaluating the democratic potential of digital spaces means studying how the built environment a primary component of our modern public square structures our activity shapes our attitudes and supports the kinds of relationships and behaviors democracy requires While many scholars and practitioners are attentive to the role of design in shaping behavior they have yet to fully engage with the question of what structures are required to support democratic communities and how to build them Forestal closes this gap by providing a new theory of democratic space Drawing from a wide range of disciplines including architecture psychology and the history of political thought she argues that democratic spaces must be designed with three environmental characteristics boundaries durability and flexibility that taken together afford users the ability to engage in fundamental civic practices Through extended analyses of Facebook Twitter and Reddit Forestal shows precisely how well these digital platforms meet the criteria for democratic spaces or whether they do so at all The result is a more nuanced analysis of the democratic communities that form or fail to emerge in these spaces as well as more concrete suggestions for how to improve them In connecting the built environment digital technologies and democratic theory *Designing for Democracy* provides blueprints for democracy in a digital age

culture artifact Ludicrous Edward Niedermeyer, 2019-08-20 Tesla is the most exciting car company in a generation but can it live up to the hype Tesla Motors and CEO Elon Musk have become household names shaking up the staid auto industry by creating a set of innovative electric vehicles that have wowed the marketplace and defied conventional wisdom The company's market valuation now rivals that of long established automakers and to many industry observers Tesla is defining the future of the industry But behind the hype Tesla has some serious deficiencies that raise questions about its sky high valuation and even its ultimate survival Tesla's commitment to innovation has led it to reject the careful zero defects approach of other car manufacturers even as it struggles to mass produce cars reliably and with minimal defects While most car manufacturers struggle with the razor thin margins of mid priced sedans Tesla's strategy requires that the Model 3 finally bring it to profitability even as the high priced Roadster and Model S both lost money And Tesla's approach of continually focusing on the future even as commitments and deadlines are repeatedly missed may ultimately test the patience of all but its most devoted fans In *Ludicrous* journalist and auto industry analyst Edward Niedermeyer lays bare the disconnect between the popular perception of Tesla and the day to day realities of the company and the cars it produces Blending original reporting and never before published insider accounts with savvy industry analysis Niedermeyer tells the story of Tesla as it's never been told before with clear eyes objectivity and insight *The Serial Podcast and Storytelling in the Digital Age* Ellen McCracken, 2017-02-03 Cover Title Copyright Contents Introduction The Unending Story 1 The Ethics of Serialized True Crime Fictionality in Serial Season One 2 Sounds Authentic The Acoustic Construction of Serial's Storyworld 3 Narrative Levels Theory of Mind and Sociopathy in True Crime Narrative Or How Is Serial Different from Your Average Dateline Episode 4 The Serial Commodity Rhetoric Recombination and Indeterminacy in the Digital Age 5 What We Know Convicting Narratives in NPR's Serial 6 The Impossible Ethics of Serial Sarah Koenig Foucault Lacan 7 Serial's Aspirational Aesthetics and Racial Erasure Contributors Index **Testimonial Injustice and Trust** Melanie Altanian, Maria Baghramian, 2023-11-28 This book presents novel approaches and perspectives to scholarship on epistemic injustice and particularly testimonial injustice and their connections with public trust Drawing from different philosophical schools of thought and approaches the book provides a comprehensive analysis of the conditions mechanisms and normative implications of testimonial injustice a term most prominently introduced by Fricker 2007 and the role that trust can play in fostering testimonial justice Through the application of theories of epistemic injustice and testimonial injustice to new contexts and cases including gendered violence disability indigenous knowledge genocide vaccine hesitancy and the COVID 19 pandemic the book sheds light on the real world significance of these philosophical concepts Testimonial Injustice and Trust introduces new directions for further research and will appeal to scholars and students in critical social and political epistemology normative ethics as well as social and political philosophy more generally The chapters in this book were originally published in the *International Journal of Philosophical Studies Social Epistemology and Educational Philosophy and*

Theory **Designing Instruction For Open Sharing** Shalin Hai-Jew, 2018-12-17 This textbook considers and addresses the design of online learning objects electronic textbooks short courses long courses MOOC courses and other types of contents for open sharing It also considers the design of online mediated communities to enhance such learning The openness may be open access and or it may even be open source The learning may range from self directed and automated to AI robot led to instructor led The main concept of this work is that design learning for open sharing requires different considerations than when designing for closed and proprietary contexts Open sharing of learning contents requires a different sense of laws intellectual property learner privacy pedagogical strategies technologies media and others It requires different considerations of learner diversity and inclusion It requires geographical cultural and linguistic considerations that are not as present in more localized designs The open sharing aspect also has effects on learner performance tracking assessments and learner feedback This textbook targets students both undergraduate and graduate in computer science education and other related fields Also professionals in this field managing online systems would find this book helpful

Power to the Players Rob Smat, 2023-11-21 The sea shanties YOLO s and red bandanas aren't even half of the GameStop story Did you know Robinhood didn't initiate their infamous trading halt Did you know why Redditors refer to 2021 as the sneeze rather than the squeeze Did you know that shares in your brokerage account might be counterfeits If not buckle up Witness firsthand the real and utterly ludicrous hivemind that brought Wall Street to its knees in January 2021 and find out why GameStop was only the beginning of an even more unprecedented retail contagion one which will challenge everything you think you know about our markets all over again If the meme mania of 2021 drew blood from Wall Street what follows is the Shakespearean realization that Reddit's blade was in fact poisoned In a digital world of frequently deleted revised and buried information accurately piecing together events as they occurred is nearly impossible Other authors and journalists have understandably struggled but not author Rob Smat who has been a witness to every part of the GameStop phenomenon having lived it himself *Power to the Players* is as much an unabridged history of the GameStop sneeze as it is a roadmap of how retail traders regrouped in the months and years that followed when everyone else thought the story had ended in calamity The truest of diamond hands never sold and their power has only grown stronger since Before Redditors were only a nuisance to the status quo Now they Hijacking Bitcoin Roger Ver, Steve Patterson, 2024-04-05 Bitcoin was promised to be a liberating technology a free market alternative to state controlled money But that promise was broken after a small group of insiders took over the project and fundamentally changed Bitcoin's design Few people know the true history of Bitcoin and its original design due to years of heavy censorship social media engineering and tight information controls online Hijacking Bitcoin destroys the most popular narratives that surround Bitcoin and sets the historical record straight Roger Ver's passion and pain come through as he tells the story of a beloved project corrupted in front of his eyes Written by one of the most prominent figures in the cryptocurrency industry this book is impossible to ignore From the inside flap Bitcoin has been

captured and changed for the worse That s the undeniable conclusion of Hijacking Bitcoin Chocked full of history and inconvenient truths this book goes on a myth busting rampage against the most popular narratives that surround BTC Is Bitcoin truly decentralized Is it supposed to be digital gold or digital cash Did the original design really have scaling problems Roger Ver addresses these questions head on and provides uncomfortable answers Roger Ver is the world s first investor in Bitcoin startups and has been a prominent name in the cryptocurrency industry since the beginning Yet as he confesses in the introduction this book is not a love story It s a devastating expos of the corruption propaganda and centralization of power in Bitcoin

Charles Heckscher, 2015-10-30 Can we rebuild trust in a time of increasing conflict and paralysis Or rather can we build trust for the first time wide and strong enough to bring us together to work on the complex problems of our age Relations of trust have been weakened over the past century by a historic expansion of communication and cross cultural interaction and the advance of complex fluid relationships Now the rapid rise of the internet has accelerated the disruption Many long for the comfort and security of relations in which one knew whom to trust and what to expect yet at the same time they may embrace the dynamism and creativity that comes from mixing of cultures and perspectives This book explores current conflicts and confusions of relations and identities using both general theory and specific cases It argues that we are at a catalyzing moment in a long transition from a community in which the prime rule was tolerance to one with a commitment to understanding from one where it was considered wrong to argue about cultural differences to one where such arguments are essential The development of this rich community is essential as well as difficult Complex societies produce complex challenges from climate change to inequality to the risk laden opportunities of bioengineering that demand collaboration among people with widely varying views Such brewing crises cannot be worked through without far more deliberate discussion and cooperation and higher levels of trust than we have today This book explores many challenges ahead and suggests some practical directions for resolving them *Blockchain Revolution* Don Tapscott, Alex Tapscott, 2016-05-10

Blockchain technology is powering our future As the technology behind cryptocurrencies like bitcoin and Facebook's Libra open software platforms like Ethereum and disruptive companies like Ripple it's too important to ignore In this revelatory book Don Tapscott the bestselling author of *Wikinomics* and his son blockchain expert Alex Tapscott bring us a brilliantly researched highly readable and essential book about the technology driving the future of the economy Blockchain is the ingeniously simple revolutionary protocol that allows transactions to be simultaneously anonymous and secure by maintaining a tamperproof public ledger of value Though it's best known as the technology that drives bitcoin and other digital currencies it also has the potential to go far beyond currency to record virtually everything of value to humankind from birth and death certificates to insurance claims land titles and even votes Blockchain is also essential to understand if you're an artist who wants to make a living off your art a consumer who wants to know where that hamburger meat really came from an immigrant who's tired of paying big fees to send money home to your loved ones or an entrepreneur looking for a new platform to build a business And those examples are barely the tip of the iceberg As with major paradigm shifts that preceded it blockchain technology will create winners and losers This book shines a light on where it can lead us in the next decade and beyond *Antisocial* Andrew Marantz, 2020-09-15 Trenchant and intelligent *The New York Times* As seen heard on NPR New Yorker Radio Hour *The New York Book Review Podcast* PBS Newshour CNBC and more A *New York Times* Book Review Editors Choice A *New York Times* Notable Book of 2019 From a rising star at *The New Yorker* a deeply

immersive chronicle of how the optimistic entrepreneurs of Silicon Valley set out to create a free and democratic internet and how the cynical propagandists of the alt right exploited that freedom to propel the extreme into the mainstream For several years Andrew Marantz a New Yorker staff writer has been embedded in two worlds The first is the world of social media entrepreneurs who acting out of na vete and reckless ambition upended all traditional means of receiving and transmitting information The second is the world of the people he calls the gate crashers the conspiracists white supremacists and nihilist trolls who have become experts at using social media to advance their corrosive agenda Antisocial ranges broadly from the first mass printed books to the trending hashtags of the present from secret gatherings of neo Fascists to the White House press briefing room and traces how the unthinkable becomes thinkable and then how it becomes reality Combining the keen narrative detail of Bill Buford s Among the Thugs and the sweep of George Packer s The Unwinding Antisocial reveals how the boundaries between technology media and politics have been erased resulting in a deeply broken informational landscape the landscape in which we all now live Marantz shows how alienated young people are led down the rabbit hole of online radicalization and how fringe ideas spread from anonymous corners of social media to cable TV to the President s Twitter feed Marantz also sits with the creators of social media as they start to reckon with the forces they ve unleashed Will they be able to solve the communication crisis they helped bring about or are their interventions too little too late **Bertie County North Carolina County Court Minutes** North Carolina.
