Trimbach, Glenn Yago, 2006-04-11 Robert L Bartley Editor Emeritus The Wall Street Journal As this collection of essays is published markets regulators and society generally are sorting through the wreckage of the collapse in tech stocks at the turn of the millennium All the more reason for an exhaustive look at our last bubble if that is what we choose to call them We haven't had time to digest the lesson of the tech stocks and the recession that started in March 2001 After a decade though we're ready to understand the savings and loan bubble that popped in 1989 preceding the recession that started in July 1990 For more than a half century we can now see clearly enough the savings and loans were an accident waiting to happen The best insurance for financial institutions is diversification but the savings and loans were concentrated solely in residential financing What's more they were in the business of borrowing short and lending long accepting deposits that could be withdrawn quickly and making 20 year loans They were further protected by Regulation Q allowing them to pay a bit more for savings deposits than commercial banks were allowed to In normal times they could ride the yield curve booking profits because long term interest rates are generally higher than short term ones This world was recorded in Jimmy Stewart's 1946 film *It's a Wonderful Life* **Federal Home Loan Bank Board Journal** , Hearings United States.
