Advances in Communications, Computing, Networks and Security Volume 8 Paul Dowland, Steven Furnell, 2012-06-14

This book is the eighth in a series presenting research papers arising from MSc MRes research projects undertaken by students of the School of Computing and Mathematics at Plymouth University. The publications in this volume are based upon research projects that were undertaken during the 2009/10 academic year. A total of 30 papers are presented covering many aspects of modern networking and communication technology including security, mobility, coding schemes and quality measurement. The expanded topic coverage compared to earlier volumes in this series reflects the broadening of our range of MSc programmes. Specifically contributing programmes are Communications Engineering and Signal Processing, Computer and Information Security, Computer Science, Network Systems Engineering, Robotics and Web Applications Development.

[You Are Here](#) Hiawatha Bray, 2014-04-01 The story of the rise of modern navigation technology from radio location to GPS and the consequent decline of privacy What does it mean to never get lost You Are Here examines the rise of our technologically aided era of navigational omniscience or how we came to know exactly where we are at all times In a sweeping history of the development of location technology in the past century Bray shows how radio signals created to carry telegraph messages were transformed into invisible beacons to guide ships and how a set of rapidly spinning wheels steered submarines beneath the polar ice cap But while most of these technologies were developed for and by the military they are now ubiquitous in our everyday lives Our phones are now smart enough to pinpoint our presence to within a few feet and nosy enough to share that information with governments and corporations Filled with tales of scientists and astronauts inventors and entrepreneurs You Are Here tells the story of how humankind ingeniously solved one of its oldest and toughest problems only to herald a new era in which it's impossible to hide

[Low-tech Magazine 2012-2018](#) Kris De Decker, 2019-03-18 Low tech Magazine underscores the potential of past and often forgotten technologies and how they can inform sustainable energy practices Sometimes past technologies can be copied without any changes More often interesting possibilities arise when older technology is combined with new knowledge and new materials or when past concepts and traditional knowledge are applied to modern technology Inspiration is also to be found in the so called developing world where resource constraints often lead to inventive low tech solutions

Discursive Design Bruce M. Tharp, Stephanie M. Tharp, 2019-02-12 Exploring how design can be used for good prompting self reflection igniting the imagination and affecting positive social change Good design provides solutions to problems It improves our buildings medical equipment clothing and kitchen utensils among other objects But what if design could also improve societal problems by prompting positive ideological change In this book Bruce and Stephanie Tharp survey recent critical design practices and propose a new more inclusive field of socially minded practice discursive design While many consider good design to be unobtrusive intuitive invisible and undemanding intellectually discursive design instead targets the intellect prompting self reflection and igniting the imagination Discursive design derived from discourse expands the boundaries of how we can use design how objects are in effect good's for thinking Discursive Design invites us to see objects in a new light

to understand more than their basic form and utility Beyond the different foci of critical design speculative design design fiction interrogative design and adversarial design Bruce and Stephanie Tharp establish a more comprehensive unifying vision as well as innovative methods They not only offer social criticism but also explore how objects can for example be used by counselors in therapy sessions by town councils to facilitate a pre vote discussions by activists seeking engagement and by institutions and industry to better understand the values beliefs and attitudes of those whom they serve Discursive design sparks new ways of thinking and it is only through new thinking that our sociocultural futures can change Oswaal CBSE Question Bank Class 11 Computer Science, Chapterwise and Topicwise Solved Papers For 2025 Exams Oswaal Editorial Board,2024-02-03 Description of the product 100% Updated Syllabus Question Typologies We have got you covered with the latest and 100% updated curriculum along with the latest typologies of Questions Timed Revision with Topic wise Revision Notes Smart Mind Maps Study smart not hard Extensive Practice with 1000 Questions SAS Questions Sri Aurobindo Society To give you 1000 chances to become a champ Concept Clarity with 500 Concepts Concept Videos For you to learn the cool way with videos and mind blowing concepts NEP 2020 Compliance with Competency Based Questions Artificial Intelligence For you to be on the cutting edge of the coolest educational trends **Fundamentals of Cyber Security** Mr. Rohit Manglik,2024-07-28 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels
