Happiness is something we all crave for whether in food sex entertainment relationships children career hobbies or sleep
Happiness drives us and indeed it defines the quality of our life One may have immense wealth but if they are not happy then
mostly they have failed in life Without happiness life loses its value And with a decrease in satisfaction we are witnessing an
increase in suicide all over the world In a world where mental and physical stimuli are in abundance it seems inconceivable
that anyone could be unhappy Surely everyone can find some form of happiness but alas many people fail and go through life
sad and exasperated or hope against hope for some sliver of joy to miraculously appear over the horizon of their destiny
Happiness is the nature of the spirit The Vedanta sutras states Anandamayo bhyst The soul is by nature full of joy However
due to misidentifying our true self with matter we lose touch with this natural blissful state and identify with the pain and
suffering of a physical form The 7 Maxims of Soul Happiness will provide the key to unlock the door to a more blissful life
