Spotify On Sale Returns:

Return of the Hustle Eric Sheinkop, 2016-03-11 Has a commercial ever brought you to tears Has a movie ever inspired you so much you change your way of life Has the series finale of a television show ever broken your heart Has a video game ever altered your perception of reality If you're like most consumers you answered yes to at least one of those questions Whether you remember it or not the music of that ad film show or game probably played a big role in influencing your emotional response during that experience In fact music is included in media specifically for the purpose of connecting with audiences on a deeper level that visuals alone cannot access A strong music strategy is fundamental to the success of television film brands and video games Because of higher expectations for audiovisual content it will take more than clever animation or a celebrity cameo to connect with consumers in an authentic organic way By providing audiences with a genuine music experience whether with an exclusive song through an artist partnership or by featuring new music from an emerging band you can build a bond that extends far beyond product experience Music touches us emotionally in a way that words seldom do We feel it we remember it In *Return of The Hustle* a leading music and marketing industry insider discusses the diverse audio touchpoints for four key industries and shows how marketers storytellers and advertisers can use music to effectively guide audiences along the customer journey from passive consumers to brand advocates *Return of The Hustle* provides readers with a blueprint for music strategy that professionals at any level in any industry can use to attract consumers immerse them into the content and extend relationships between them and the brand long after the commercial ends or the credits roll With detailed case studies exhaustive interviews and thorough research *Return of the Hustle* gives readers the playbook to use the marketing power of music to drive business results *Taylor Swift and the Philosophy of Re-recording* Brandon Polite, 2025-01-09 A lively and thorough exploration of the aesthetic metaphysical ethical political and legal implications of Taylor Swift's ongoing project of re-recording her first six studio albums When Taylor Swift's record label was sold in 2019 the six studio albums she recorded for them came under the control of a person with whom she has had years of bad blood Kanye West's former manager Scooter Braun But rather than move on Swift chose to take the unprecedented step of re-recording duplicate versions of those albums With all of the profits made from selling streaming and licensing these Taylor's Versions going directly to Swift she could deprive Braun of potentially hundreds of millions of dollars The gambit has already paid off The first two Taylor's Versions of *Fearless* and *Red* debuted at Number 1 on the Billboard charts and have sold over one million copies so far and four more are still on the way In this book ten philosophers a music producer and a composer music technologist explore the philosophical richness of Swift's project and the questions it raises Are Swift's re-recordings new works of art or mere copies of the originals Do the Taylor's Versions of the songs have the same meanings as the original versions or do they now mean something different Is her re-recording project genuinely artistic or merely commercial Is Swift standing up for artists' rights or looking out for herself Does the music industry exploit

artists and if so how should it be reformed Together they show the philosophical dividends one of the most famous and acclaimed recording artists of her generation is capable of producing For anyone interested in the complicated relationship between popular art and commerce this book is a must read *Record Label Marketing* Clyde Philip Rolston,Amy Macy,Tom Hutchison,Paul Allen,2015-11-19 Record Label Marketing Third Edition is the essential resource to help you understand how recorded music is professionally marketed Fully updated to reflect current trends in the industry this edition is designed to benefit marketing professionals music business students and independent artists alike As with previous editions the third edition is accessible for readers new to marketing or to the music business The book addresses classic marketing concepts while providing examples that are grounded in industry practice Armed with this book you ll master the jargon concepts and language to understand how music companies brand and market artists in the digital era Features new to this edition include Social media strategies including step by step tactics used by major and independent labels are presented in a new section contributed by Ariel Hyatt owner of CYBER PR An in depth look at SoundScan and other big data matrices used as tools by all entities in the music business An exploration of the varieties of branding with particular attention paid to the impact of branding to the artist and the music business in a new chapter contributed by Tammy Donham former Vice President of the Country Music Association The robust companion website focalpress com cw macy features weblinks exercises and suggestions for further reading Instructor resources include PowerPoint lecture outlines a test bank and suggested lesson plans *Digital Product Management* Boon Kee Lee,2025-04-25 Focusing on operational excellence this book will take readers through the practicalities of product development market launch and ongoing product support Building on the strategic foundation from Volume 1 Digital Product Management Strategic Planning and Market Opportunity this volume emphasizes executing product strategies in real world contexts The book covers key methodologies such as agile development product lifecycle management and data driven decision making Topics include marketing strategies sales channel management customer engagement and optimizing digital experiences It also delves into product analytics customer retention and feature adoption With chapters on building a product operating model and scaling product operations the volume emphasizes how organizations can drive continuous improvement and ensure alignment across teams Ethical leadership and continuous innovation are also explored highlighting the critical role of ethics in digital product management This book is an essential resource for product managers looking to refine their skills in execution cross functional collaboration and operational growth as well as for professionals aiming to combine strategy with practical delivery It is particularly useful for those responsible for managing the development launch and support of digital products ensuring products not only meet market needs but also evolve with customer expectations *Return On Influence: The Revolutionary Power of Klout, Social Scoring, and Influence Marketing* Mark Schaefer,2012-03-07 Looks at how brands are using the world s most powerful online celebrities like bloggers and tweeters to market products and shows how this same system can be

used by the reader to achieve goals

The British Media Industries Vincent Campbell, Paul Smith, 2023-06-29 The British Media Industries offers an accessible introduction to how the media in Britain operates and the impact that recent political economic and technological developments have had on the nature of media industries today Split into two parts this book starts by exploring approaches to understanding contemporary media industries through political economic and technological terms The second part delves further into issues and practices relating to individual media industries including newspapers magazines film television music video games and social media The book adopts a political economy approach and is designed to engage students in an accessible way with key issues around the ownership and control of different sectors of the British media UK and EU government regulation of the media including content regulation and market economic regulation and the corporate strategies employed by leading media players such as the BBC Netflix Google and Apple This is an essential textbook for undergraduate students approaching British media industries for the first time and will also be relevant to students undertaking introductory courses in Media Management and Media Economics
