A Unified Theory of Cats on the Internet E.J. White, 2023-05-25 This cultural history reveals how cats became the undisputed mascot of the internet an essential look at life online Ryan Milner author of *The World Made Meme* Journalists and their readers seem to need no explanation for the line The internet is made of cats Everyone understands the joke but few know how it started *A Unified Theory of Cats on the Internet* is the first book to explore the history of how the cat became the internet's best friend Internet cats can differ in dramatic ways from the goth cats of Twitter to the glamourpusses of Instagram to the giddy nonsensical silliness of Nyan Cat

But they all share common traits and values Bringing together fun anecdotes thoughtful analyses and hidden histories of the communities that built the internet Elyse White shows how japonisme punk culture cute culture and the battle among different communities for the soul of the internet informed the sensibility of online felines Internet cats offer a playful and useful way to understand how culture shapes and is shaped by technology Western culture has used cats for centuries as symbols of darkness pathos and alienation The communities that helped build the internet represented themselves as outsiders with snark and alienation at the core of their identity Thus cats became the sine qua non of cultural literacy for the Extremely Online as well as an everyday medium of expression for the rest of us Whatever direction the internet takes next the series of tubes is likely to remain cat shaped [The Revolution That Wasn't](#) Spencer Jakab,2022-02-01 The saga of GameStop and other meme stocks is revealed with the skill of a thrilling whodunit Jakab writes with an anti Midas touch If he touched gold he would bring it to life Burton G Malkiel author of A Random Walk Down Wall Street From Wall Street Journal columnist Spencer Jakab the real story of the GameStop squeeze and the surprising winners of a rigged game During one crazy week in January 2021 a motley crew of retail traders on Reddit s r wallstreetbets forum had seemingly done the impossible they had brought some of the biggest richest players on Wall Street to their knees Their weapon was GameStop a failing retailer whose shares briefly became the most traded security on the planet and the subject of intense media coverage The Revolution That Wasn't is the riveting story of how the meme stock squeeze unfolded and of the real architects and winners of the GameStop rally Drawing on his years as a stock analyst at a major bank Jakab exposes technological and financial innovations such as Robinhood's habit forming smartphone app as ploys to get our dollars within the larger story of evolving social and economic pressures The surprising truth What appeared to be a watershed moment a revolution that stripped the ultra powerful hedge funds of their market influence placing power back in the hands of everyday investors only tilted the odds further in the house's favor Online brokerages love to talk about empowerment and democratizing finance while profiting from the mistakes and volatility created by novice investors In this nuanced analysis Jakab shines a light on the often misunderstood profit motives and financial mechanisms to show how this so called revolution is on balance a bonanza for Wall Street But Jakab argues there really is a way for ordinary investors to beat the pros by refusing to play their game **Advertising Mastery for RPG Hobby Shops** Barrett Williams,ChatGPT,2024-12-06 Unlock the secrets to thriving in the ever evolving world of RPG hobby shops with Advertising Mastery for RPG Hobby Shops This comprehensive eBook is your ultimate guide to mastering the art of advertising and taking your gaming store to new heights Whether you're looking to draw in new adventurers or deepen the engagement of your loyal patrons this book is packed with the insights and strategies you need Dive into the essentials with Chapter 1's introduction to advertising specifically tailored for RPG retail Discover how to define your store's Unique Selling Proposition USP in Chapter 2 making it easier than ever to communicate what sets your shop apart Chapter 3 will walk you through identifying and reaching the right target audiences ensuring your

Applied human rights Bart Wernaart,2023-08-14 What do human rights look like when we present them as action based bottom up concepts and not exclusively as legal items After all when we narrow down human rights to a legal concept only we do not do justice to its meaning In many professions and branches the idea of human rights is used in jargon as guiding principles and as a source of inspiration Human rights make a difference albeit not

necessarily as an enforceable legal concept This facet of human rights its practical application beyond lawmakers and lawyers is deeply underexplored and deserves much more attention Applied human rights are not per se a matter of lawmaking and enforcement only it can be part of a mission and vision of companies it is sometimes at the core of artistic work it can be a leading principle in social work especially considering the rights of the child and it is used as a guiding principle in technological innovation Human rights are not just for lawyers but also for managers engineers social workers musicians local governments law enforcers designers and business people However and not surprisingly in each branch the impact and implications of human rights differ Therefore it is time for a comprehensive textbook in which the idea of human rights is not exclusively explored as a legal concept but instead discussed from various applied perspectives In this book we explore human rights as an applied concept as something we do The chapters are written by an international group of leading experts in a wide range of disciplines and themes including technology development social studies pedagogy business strategy public governance the arts philosophy and law
