Acknowledging the Nigger in Us All - N Marshall Mkononi Lee, Dr Marshall Lee Mkononi, 2005 There are countless self help books flooding the market but few are specific to the current needs and concerns of the broad African American community There have been numerous significant studies researching the subject of whether and to what degree Black Americans still suffer from the self hatred engendered by years of enslavement and oppression Yet none of those studies has anything to offer the average Black American who is functioning with the normal problems of living of the modern world With more than thirty years of experience as a psychotherapist educator Yoruba Priest and student of African practices and traditions Dr Lee presents practical and simple KEYS to unlock the remaining psychological and physical chains that impair healthy functioning for African Americans Acknowledging the Nigger in Us All picks up where Harold Cruse s Crisis of the Negro Intellectual and Franz Fanon s Black Skin White Mask left off more than forty years ago In presenting a book that informs with living examples rather than with theory New African KEYS offers the reader 12 interconnected KEYS developed to arm Black Americans or anyone else with tools for individual and group self improvement Dr Lee emphasizes that the work of individual transformation has to include work toward changing the world but all of this work must be done in a playful and compassionate way The book also provides a major critique of our current approaches to relationships based on romantic love and suggests an approach that offers the possibilities for deeper and more satisfying intimate relationships The book initiates a re investigation of the history of Africans in the Americas and examines the adverse effects that this history has had on the African self Dr Lee exposes why the concept of the nigger was created and advises African Americans not to repeat the destructive mistake that White Americans made by creating some scapegoat in order to feel good about themselves He makes the diagnosis that all humans individually and collectively have good and bad qualities and potentials and he prescripts unconditional self acceptance as the only prescription to prevent the scapegoat trap This concept of

unconditional self acceptance that Dr Lee calls ASHE is a simple and ancient yet revolutionary concept The KEYS are offered to assist in the internalization of this concept that can also assist in the development of alternative coping mechanisms Dr Lee s goal is to empower readers to do battle both individually and collectively with the strains of living within our sexist and racist society More importantly he attempts to empower readers with the keys to change their world **A Treatise on the Law of Insurance of Every Kind** Joseph Asbury Joyce,1917 Insurance Laws of the State of California California,1924
