Dear Riley Harris,

As an experienced digital marketing manager with a track record of success, I'm excited to apply for the position of Digital Marketing Manager at Limitless. During my five years in the field, I have honed my skills in developing and implementing effective digital marketing strategies that drive business growth.

In my previous role at MetroPlus, I achieved a 32% increase in website traffic through a combination of SEO optimization, targeted social media advertising, and email marketing campaigns. Additionally, I oversaw the launch of a new mobile app that resulted in a 48% increase in downloads within the first six months.

I'm passionate about staying up-to-date with the latest trends and technologies in the digital marketing space, and Limitless' innovative approach to marketing is what inspired me to apply. I'm confident my experience managing teams and collaborating with cross-functional stakeholders to achieve business objectives makes me an ideal candidate for the role.

Thank you for considering my application. I look forward to further discussing my qualifications and how I can help your business to continue to thrive in an interview.

44 percent of executives polled said it's common for applicants to use their cover letters to show they've learned more about the job. Doing so can give you an edge against the competition. Failing to sell yourself. If you undersell your skills and qualifications, you won't make an impression on the reader. Don't just talk about your accomplishments; give concrete examples. Regurgitating the resume. Cover letters weren't meant as a tool to repeat everything that's in your resume. It's a tool to build on it and an opportunity to correlate your experience with the job you're applying for. Include any training, classes, awards, and recognition you've received in the past that might give you an edge over the competition. Buy a copy to keep reading.

Cover Letters that Blow Doors Open Anne McKinney, 1999 Designed as the comprehensive guide to cover letter preparation, the 272-page book shows examples of exciting and door-opening cover letters. The main section of the book shows cover letters by field and industry. For example, job hunters in the accounting field will find examples of cover letters used to blow doors open in the accounting, banking, and financial community. From aviation to computer operations to management to sales to transportation, cover letters tailored to specific fields are illustrated, which can be used as models or templates for those involved in a job hunt. But what if a job hunter is changing careers or doesn't need a cover letter targeting a specific field or functional area? There's a section showing examples of all-purpose cover letters, career change cover letters, cover letters for entrepreneurs, and cover letters for those seeking their first job. For those seeking advice on how to respond to ads, how to handle questions about salary requirements, how to request consideration for multiple job openings in the organization, and how to write letters for special situations, there's a section entitled Sixteen Commonly Asked Questions About Cover Letters and Job Hunting.
