Information Systems Development
Jaroslav Pokorny,Vaclav Repa,Karel Richta,Wita Wojtkowski,Henry Linger,Chris Barry,Michael Lang,2011-09-02

Information Systems Development Business Systems and Services Modeling and Development is the collected proceedings of the 19th International Conference on Information Systems Development held in Prague Czech Republic August 25 27 2010 It follows in the tradition of previous conferences in the series in exploring the connections between industry research and education These proceedings represent ongoing reflections within the academic community on established information systems topics and emerging concepts approaches and ideas It is hoped that the papers herein contribute towards disseminating research and improving practice

The Offensive Internet Saul Levmore,Martha C. Nussbaum,2012-05-07

The Internet has been romanticized as a zone of freedom The alluring combination of sophisticated technology with low barriers to entry and instantaneous outreach to millions of users has mesmerized libertarians and communitarians alike Lawmakers have joined the celebration passing the Communications Decency Act which enables Internet Service Providers to allow unregulated discourse without danger of liability all in the name of enhancing freedom of speech But an unregulated Internet is a breeding ground for offensive conduct At last we have a book that begins to focus on abuses made possible by anonymity freedom from liability and lack of oversight The distinguished scholars assembled in this volume drawn from law and philosophy connect the absence of legal oversight with harassment and discrimination Questioning the simplistic notion that abusive speech and mobocracy are the inevitable outcomes of new technology they argue that current misuse is the outgrowth of social technological and legal choices Seeing this clearly will help us to be better informed about our options In a field still dominated by a frontier perspective this book has the potential to be a real game changer Armed with example

after example of harassment in Internet chat rooms and forums the authors detail some of the vile and hateful speech that the current combination of law and technology has bred The facts are then treated to analysis and policy prescriptions Read this book and you will never again see the Internet through rose colored glasses
