decided to break this book into categories so that it can be digested easier and flow well There may be side hustles in here that cease to exist after the release of this book due to unforeseen circumstances but I am sure you will find quite a few streams of income here and gain happiness in doing them Remember that you should never pick a career job or side hustle solely based on the amount of pay your happiness should always come first With that being said let s go create multiple streams of income and be happy doing it When picking side hustles from this book I encourage you to eventually pick from multiple categories here For Example when you master a side hustle and build a stream of income from a local hustle go master a WIFI hustle as well so that you diversify your side hustles This is how you create multiple streams of income It has been said that the rich have on average 7 streams of income With the help of this book and some dedication from you I see you accomplishing that goal with ease and creating financial freedom for not only yourself but your entire family Read through each category and pick 3 side hustles that you would be happy to do Once you have them start putting actions behind the one you like most and give 100% focus to it in all the time you can spare from your normal job or career This way you give all focus to this one hustle and can decide in time if it truly will make you happy Once you have mastered it then you can start on your next hustle picks and master those Drop any that you find that do not make you happy If you don t love what you do you will never be a success at it We don t want you to just be rich in wealth we need you to also be rich in happiness Keep in mind that not all side hustles in this book will be thorough step by step instruction but will lead you in the correct path to take a learning journey in that hustle To give multiple steps we would be writing for ages and we want you to get to work on your side hustle as soon as possible Reading about it will not make you master it the application and execution of what is written is what makes you a master of that hustle Check us out at www.ProfitVestor.com *The Artist's Side Hustle* Stacie Bloomfield,2025-11-18 Turn your creative passion into sustainable income with just five hours a week in this road map from the founder of side hustle turned multimillion dollar business Ginger Are you dreaming of a career as an artist but unsure how to monetize it Or have you already started your side hustle but are struggling to make it sustainable both in your bandwidth and as income Stacie Bloomfield asked herself the same questions Now she s using her experience of starting stationery company Ginger to give you just the advice you need to start a successful side hustle doing what you love After graduating college she found a job as a coffee shop manager But she soon found herself yearning to reconnect with her artistic voice And what started as an artistic side hustle turned into a thriving multimillion dollar business Whether you want to maintain a side hustle or grow your business into something larger you will need the same solid foundation With Stacie as your guide you ll learn 13 ways to monetize art and the secret to business growth in the art world The 4 essential components of an art portfolio A road map for generating consistent side income as an artist How to use 5 hours a week to create your art business This is your chance to rediscover your unique voice generate income from your art and gain the confidence you need to showcase your creativity to the world Shit Adults Never Taught Us Natasha Sattler,2021-04-16 A
