Multinational Financial Management:

Foundations of Multinational Financial Management Alan C. Shapiro, 1998-01-15 This work emphasizes concepts and practices and features real world examples that provide actual applications of financial concepts and theories showing how the issues tools and techniques of financial analysis and reasoning are being applied *Multinational Financial Management* R M Srivastava, 2008 Multinational Financial Management Alan C. Shapiro, 2003 This comprehensive book provides a conceptual framework within which key financial decisions of the multinational firm can be analyzed The approach is to treat international financial management as a natural extension of financial management principles Thus it builds on the valuation framework provided by domestic corporate finance to account for dimensions unique to international finance

Multinational Financial Management Alan C. Shapiro, Paul Hanouna, 2020-05-07 The eleventh edition of Multinational Financial Management is a comprehensive survey of the essential areas of the international financial market environment including foreign exchange and derivative markets risk management and international capital markets and portfolio investment Designed for upper level undergraduate and masters level courses in international finance and management this textbook offers readers a conceptual framework for analyzing key financial decisions of multinational firms The authors both explain and simplify multinational financial management by illustrating how its basic principles share the same foundation as domestic corporate finance Assuming no prior knowledge of international economics or finance this substantially revised new edition builds upon the fundamental principles of domestic financial management to examine the unique dimensions of international finance Readers are presented with a solid theoretical knowledgebase for examining decision problems as well as practical analytical techniques that clarify the often ambiguous guidelines used by international financial executives All the traditional areas of corporate finance are explored from the perspective of a multinational corporation focusing on elements rarely encountered in domestic finance such as multiple currencies segmented capital markets and political risks of nationalization or expropriation Multinational Financial Management, 11th Edition Shapiro, 1996-01 Grounded in modern financial theory this text provides a conceptual framework where the key financial decisions of a multinational firm can be analyzed The book extends principles learned in the foundations of financial management course An instructor's manual is available ISBN 0 13 238320 9 Instructor's Manual for Multinational Financial Management Alan C. Shapiro, 1989
