Guided Highlighted Reading Barbara A. Nelson, Elaine M. Weber, Cynthia Lynn Schofield, 2012 In Guided Highlighted Reading teachers of grades 4-12 learn an easy and effective text-based strategy that scaffolds all students to return to a complex or difficult text for four different reading purposes. This resource uses prompts not questions to build competency with difficult and complex text for four close reading purposes for any content area: Reading comprehension, Author's craft, Tier II vocabulary acquisition, and Answering multiple choice questions on high stakes assessments. Sample passages from ELA Appendix B of the Common Core State Standards are prepared for student use for all purposes along with how-to directions, rubrics for assessing mastery of reading comprehension and author's craft, and an alignment of the four purposes to the CCSS. **Guided Highlighted Reading** is a go-to resource for teachers to help students navigate complex texts and meet the rigorous requirements of the CCSS.

Text-Dependent Questions, Grades 6-12 Douglas Fisher, Nancy Frey, Heather Anderson, Marisol Thayre, 2014-09-02 Fisher and Frey's answer to close and critical reading. No doubt since the cave paintings of prehistoric times humans have asked questions to make sense of the message. So what could possibly be new about posing questions about text? Plenty. And with TDQ Doug Fisher and Nancy Frey reveal it all. After one quick read you will have learned all the very best ways to use text-dependent questions as scaffolds during close reading and the big understandings they can yield, especially when executed the Fisher and Frey way. But that's just for starters. Fisher and Frey also include illustrative video, actual texts and questions, examples from across content areas, and an online professional learning guide making the two volumes of TDQ a potent professional development tool across all of K-12. The genius of TDQ is the way Fisher and Frey break down the process into four cognitive pathways that help teachers organize the journey through a text and frame an extended discussion around it. Step by step, this approach ensures that in every close reading lesson students are guided to consider explicit and implied meanings and deeply analyze and appreciate various aspects of a text, especially those that may be challenging or confusing. Here's how the four interrelated processes play out with every why and every how answered. What does the text say? General understandings and key details. How does the text work? Vocabulary, structure, and author's craft. What does the text mean? Logical inferences and intertextual connections. What does the text inspire you to do? Write, investigate, present, debate. The cool thing? These questions ignite students' engagement and discussion because they strategically lead students to a place of understanding where explicit and implied meanings and interpretations can be debated. Far from being overly literal or teacher-led, the questioning framework Fisher and Frey advance enhances the quality of student talk and idea generation. All in all, there's no better resource to cultivate students' capacity for independent reading and incisive thinking. Longtime collaborators and recipients of numerous teaching and leadership awards, DOUGLAS FISHER and NANCY FREY are Professors of Educational Leadership at San Diego State University as well as teacher leaders at Health Sciences High Middle College.
