Poison and Poisoning in Science, Fiction and Cinema Heike Klippel, Bettina Wahrig, Anke Zechner, 2017-11-14 This book is about poison and poisonings it explores the facts fears and fictions that surround this fascinating topic Poisons attract attention because they are both dangerous and hard to discover Secretive and invisible they are a challenging object of representation How do science studies literature and especially film the medium of the visible explain and show what is hidden How can we deal with uncertainties emerging from the ambivalence of dangerous substances These considerations lead the editors of this volume to the notion of precarious identities as a key discursive marker of poisons and related substances This book is unique in facilitating a multi faceted

conversation between disciplines It draws on examples from historical cases of poisoning figurings of uncertainty and blurred boundaries in literature and cinematic examples from early cinema and arthouse to documentary and blockbuster The contributions work with concepts from gender studies new materialism post colonialism deconstructivism motif studies and discourse analysis Science, Politics and Gnosticism Eric Voegelin,2012-03-27 Science Politics and Gnosticism comprises two essays by Eric Voegelin 1901 85 arguably one of the most provocative and influential political philosophers of the last century In these essays Voegelin contends that certain modern movements including positivism Hegelianism Marxism and the God is dead school are variants of the gnostic tradition he identified in his classic work *The New Science of Politics* Voegelin attempts to resolve the intellectual confusion that has resulted from the dominance of gnostic thought by clarifying the distinction between political gnosticism and the philosophy of politics Chambers's Journal of Popular Literature, Science and Arts ,1903 **Science and Art of Mining** ,1918 *Introduction to the Science of Government, and Compend of Constitutional and Civil Jurisprudence* Andrew White Young,1836 *Crime Science* Joe Nickell,John F.
