The Cooperative Galleries of the Women's Art Movement, 1969-1980 Gayle Davis,1981 International Theatre Festivals and Twenty-First-Century Interculturalism Ric Knowles,2021-12-16 Ric Knowles study is a politically urgent erudite intervention into the ecology of theatre and performance festivals in an international context Since the 1990s there has been an exponential increase in the number and type of festivals taking place around the world Events that used merely to be events are now festivalized structured marketed and promoted in ways that stress urban centres as tourist destinations and creative cities as targets of corporate enterprise Ric Knowles examines the structure content and impact of international festivals that draw upon and represent multiple cultures and the roles they play in one of the most urgent processes of our times intercultural negotiation and exchange Covering a vast geographical sweep and exploring festival models both new and ancient the work sets compelling new standards of practice for post pandemic festivals **Knowledge, Spirit, Law** Gavin Keeney,2017-12-24 Knowledge Spirit Law Book 2 The Anti capitalist Sublime takes up where Knowledge Spirit Law Book 1 Radical Scholarship 2015 left off foremost in terms of a critique of neo liberal academia and its demotion of the book in favor of various mediatic practices that substitute arguably for the one form of critical inquiry that might safeguard speculative intellectual inquiry as long form and long term project especially in relationship to the archive or library otherwise known as the public domain This ongoing critique of neo liberal academia is a necessary corrective to processes underway today toward the further marginalization of radical critique with many of the traditional forms of sustained analysis being replaced by pseudo empirical studies that abandon themes only presentable in the Arts and Humanities through the arcanian closure that the book as long form inquisition represents whether as novel non fictional critique or something in between As a tomb for thought this privileging of the shadowy recesses of the book preserves through the very apparatuses of long and slow form scholarship the premises presented here as indicative of an anti capitalist project embedded in works that might otherwise shun such a characterization The perverse capitalist capture of knowledge through mass digitalization is paradoxically the negative corollary for the reduction by abstraction of everyday works to a philosophical and moral inquest against Capital The latter actually constitutes a transversal reduction for works across works toward the age old antithesis to

instrumentalized socio cultural production Spirit For similar reasons the anti capitalist sublime as presented here is primarily a product of the imaginative magical realist regimes of thought in service to no capital to no capitalization of thought This book seeks to re establish paradigmatic a historical and universalizing practices in humanistic scholarship associated with speculative inquiry as a form of art utilizing in passing forms of art and exemplary paradigmatic practices that are also first order forms of speculative inquiry suggesting that first order works in the Arts and Humanities are those works that may suffer second order incorporations without the attendant loss of the impress of sublimity Spirit *George Cukor* Murray Pomerance,2015-07-07 The various essays in this volume all written by prominent experts in the field offer critical discussions of every feature film Cukor directed and include a rich trove of valuable information about their production histories **The Long Year** Thomas J. Sugrue,Caitlin Zaloom,2022-01-25 Some years 1789 1929 1989 change the world suddenly Or do they In 2020 a pandemic converged with an economic collapse inequalities exploded and institutions weakened Yet these crises sprang not from new risks but from known dangers The world like many patients met 2020 with a host of preexisting conditions which together tilted the odds toward disaster Perhaps 2020 wasn't the year the world changed perhaps it was simply the moment the world finally understood its deadly diagnosis In *The Long Year* some of the world's most incisive thinkers excavate 2020's buried crises revealing how they must be confronted in order to achieve a more equal future Keeanga-Yamahtta Taylor calls for the defunding of police and the refunding of communities Keisha Blain demonstrates why the battle against racism must be global and Adam Tooze reveals that COVID-19 hit hardest where inequality was already greatest and welfare states weakest Yarimar Bonilla Xiaowei Wang Simon Balto Marcia Chatelain Gautam Bhan Ananya Roy and others offer insights from the factory farms of China to the elite resorts of France the meatpacking plants of the Midwest to the overcrowded hospitals of India The definitive guide to these ongoing catastrophes *The Long Year* shows that only by exposing the roots and ramifications of 2020 can another such breakdown be prevented It is made possible through institutional partnerships with Public Books and the Social Science Research Council
