Muslim Anti-Semitism In Christian Europe Elemental And Residual Anti-Semitism:

Muslim Anti-Semitism in Christian Europe Raphael Israeli, 2011-12-31 Modern Arab and Muslim hostility towards Jews and Israel is rooted not only in the Arab Israeli conflict and traditional Islamic teaching but also in Christian anti-Semitic attitudes brought into the Islamic world by Western colonial powers In this volume Raphael Israeli examines how the worsening situation in the Middle East together with large waves of Muslim immigration to Europe North America and Australia has brought about a comingling of two anti-Semitic traditions As the author explains the unique interaction of Muslim immigrants in the West with the host societies brought them into contact with local traditional anti-Semites of the xenophobic fascist and racist Right along with the avowedly anti-Zionist Left to build a formidable wall of hatred against the Jewish state and its people To complicate this picture further the same Muslim immigrants share with them minority status in a Christian majority society Often finding themselves at odds with the majority host society they find themselves subject to criticism and censure on all sides They are engaged simultaneously in battle with both their host society into which they cannot integrate and their Jewish compatriots who are a model of good integration Consequently they feel exposed and lose ground in the struggle for social acceptance Israeli lays out the nature and ideologies of the Muslim immigrant world and shows how in each European country they create their own ethnic sub groups and religious communities often in competition with each other This remarkable and courageous book will be of interest to sociologists Middle East specialists and political scientists

Hatred, Lies, and Violence in the World of Islam Raphael Israeli, 2017-09-08 Hatred Lies and Violence in the World of Islam examines the torrential flood of anti-Israeli anti-Jewish and anti-Zionist propaganda that permeates many Muslim societies Raphael Israeli locates the source of this anti-Semitic sentiment in the inadequacies and insecurities of Muslim states By demonizing and delegitimizing Israel and Jews they seek to eliminate a successful counterexample of their own failures thus putting an end to their own humiliation Beyond mapping the distribution of anti-Israel and anti-Jewish propaganda in the Arab and Islamic worlds Israeli uses case studies to illustrate the premises of this study the Palestinians who have a direct stake in battling Israel Turkey which now claims leadership of the Arab and Sunni Muslim worlds and Shi'ite Iran which provides a more extreme example of both hatred and disregard for fact and history while threatening to destroy Israel Israeli documents the worldwide collaboration between Jew-haters of all sorts explaining the exponential growth of Jew-hatred on the Internet with thousands of new hate sites added every year outpacing Jew-hatred in the traditional media He places anti-Semitism in a broader tradition of political lies and political deceit In the final chapter Israeli considers the possibility of reversing anti-Jewish agitation in Muslim countries which he finds unlikely because so many of the region's regimes are built on foundations of anti-Semitism

Global Catholicism, Tolerance and the Open Society Arno Tausch, Stanislaw Obirek, 2019-09-03 This book systematically assesses the political and social values of the more than 1.3 billion Catholics around the globe by far the largest denomination of Western Christianity Based on an extensive analysis of

data from the World Values Survey and other global opinion surveys the book sheds new light on the value systems and opinions of Roman Catholics The authors highlight core problems and challenges the Church is currently facing in adapting to the modern world including Catholic anti-Semitism religious and sexual tolerance and opinions towards democracy while also offering an anthropological reflection on how well the Church is adapting or failing to adapt to the requirements of an open society

Youth, Education, and Islamic Radicalism Mun'im Sirry, 2024-03-15 Youth Education and Islamic Radicalism offers groundbreaking analysis of religious intolerance and radicalization among high school and university students in modern day Indonesia Indonesia is one of the most diverse countries in the world in terms of religion ethnicity and socioeconomic status but also in the complexity of its education system Youth Education and Islamic Radicalism examines the roots of religious intolerance among young Indonesians and explores the various ways in which educated youth navigate radical ideologies amid growing religious conservatism The book presents nuanced explanations as to why one person becomes radicalized while another does not calling into question the common assumption that religious radicalism is directly connected to terrorism It problematizes the notion that the university is a significant hub trigger or birthplace of radicalization by asking What makes education attractive for extremist recruitment What shapes students views Under what circumstances do radicalization and deradicalization processes of educated youth take place Youth Education and Islamic Radicalism identifies a constellation of factors that shape young people's views of religious diversity in Indonesia demonstrating the ways in which they become radicalized in the first place and how in some cases they deradicalize themselves

Israel's New Strategic Dilemmas Raphael Israeli, 2012 Israel's New Strategic Dilemmas Survival or Revival details the strategic problems facing Israel today as a result of the asymmetrical terrorist wars imposed on it With the motive of delegitimizing Israel and forcing it to react against civilian terrorists who dwell amidst other civilian populations and who do not have any legal or international standing these wars create an untenable situation of retaliation and casualties Unless Israel succeeds in making the necessary reforms in the strategic areas of security and domestic affairs its chances for survival are dwindling An important and fascinating reading experience Israel's New Strategic Dilemmas Survival or Revival will shift your perspective on a highly contentious and complex topic About the Author Raphael Israeli grew up in Morocco and Israel and currently resides in Jerusalem where he is a University Professor He was motivated to write Israel's New Strategic Dilemmas Survival or Revival by the exposure and criticism of Israel in the world media due to its counterattacks against terrorism in the second Lebanese War 2006 and the Gaza War 2008-9 He is working on his next book about the death camps in Bosnia and Croatia during WW II and the alliance between the Nazis and their Muslim collaborators Publisher's website <http://www.SBPRA.com> RaphaellIsraeli

Israel's Nightmares Raphael Israeli, 2015-05-26 Israel has been constantly threatened by Palestinian and Islamic ghosts that either perennially mount attacks against her or loom in her horizon as permanent menaces for her very existence These ghosts that cause nightmares and haunt Israel include the Israeli Arab

minority Palestinian refugees Palestinian prisoners Muslim radicals and terrorists Muslim campaigns of de legitimization Muslim poisoning of the physical and spiritual environment of the Middle East and other threats Written by a college professor Israel's Nightmares boldly delves into the history of the region and its politics *Subcontractors of Guilt* Esra Özyürek, 2023-04-04 At the turn of the millennium Middle Eastern and Muslim Germans had rather unexpectedly become central to the country's Holocaust memory culture not as welcome participants but as targets for re education and reform Since then Turkish and Arab Germans have been considered as the prime obstacles to German national reconciliation with its Nazi past a status shared to a lesser degree by Germans from the formerly socialist East Germany It is for this reason that the German government German NGOs and Muslim minority groups have begun to design Holocaust education and anti-Semitism prevention programs specifically tailored for Muslim immigrants and refugees so that they too can learn the lessons of the Holocaust and embrace Germany's most important postwar democratic political values Based on ethnographic research conducted over a decade *Subcontractors of Guilt* explores when how and why Muslim Germans have moved to the center of Holocaust memory discussions Esra Özyürek argues that German society subcontracts guilt of the Holocaust to new minority immigrant arrivals with the false promise of this process leading to inclusion into the German social contract and equality with other members of postwar German society By focusing on the recently formed but already sizable sector of Muslim only anti-Semitism and Holocaust education programs this book explores the paradoxes of postwar German national identity **IBSS: Sociology: 2009 Vol. 59** Compiled by the British Library of Polit, 2010-11 First published in 2010 Routledge is an imprint of Taylor Francis an informa company *The British National Bibliography* Arthur James Wells, 2009 *Choice*, 2009 *Bibliographie Mensuelle* United Nations Library (Geneva, Switzerland), 2009-07 *Religious and Theological Abstracts*, 1987 **Thy Brother's Blood** Malcolm Vivian Hay, 1975 First published in 1950 as *The Foot of Pride* and reissued in 1960 as *Europe and the Jews* **The Other Anti-Semitism** Emil Saleem Shehadeh, 2019 *The Crime of Christendom* Fred Gladstone Bratton, 1969 *ROOT CAUSES OF WESTERN ANTI-ISLAMIC ANTAGONISM: JUDAISM, CHRISTIANITY AND THE SECULAR* ÖMER KEMAL ŞAHİN, 2022-09-01 This research seeks to examine the root causes of Western anti-Islamic antagonism in the three main realms of the West i.e. Judaism Christianity and the secular To achieve this goal it first focuses on the Jewish and Christian scriptures and perceptions in chronological order Their respective manifestations in history are introduced encompassing the Medieval period Age of Islamic conquests Middle Ages Early Modern Period and Contemporary Period Since the literature hardly conceptualises Jewish or Christian anti-Islamism as such relevant knowledge was extracted from the present literature and put into a coherent narrative The findings indicate that Jewish and Christian scriptures particularly the passages about Abraham Sarah Hagar Isaac and Ishmael and contents concerning eschatology make anti-Islamic interpretations possible Jewish anti-Islamic antagonism is observed to primarily stem from the ethno-centric self-perception and eschatological agenda of Judaism whereas Christian anti-Islamic antagonism

from the ontological instability and eschatological scenarios of Christianity In the subsequent chapter the research examines the secular antagonism towards Islam and Muslims The secular is approached in a theoretical framework of three levels that are paradigm people and society According to findings secular anti Islamism appears to originate from the ideals of the secular to imagine a people society and world order free of religion The final chapter consists of evaluation of the findings and concrete suggestions to tackle the problem of Western anti Islamism Root Causes of Anti Islamic Antagonism argues for a deep rooted approach to anti Islamism studies and suggests that it is a scholarly necessity to focus on these three main realms in the West to understand the anti Islamic phenomena properly *Christian Beliefs and Anti-Semitism* Charles Y. Glock,Rodney Stark,1979-01-01 **Christianity and Anti-Semitism** Nikolaï Berdiaev,1952 **Christianity And Anti Semitism** Nicolas Berdyaev,2023-07-18 **The Roots of Anti-semitism in Christian Theology** Constance B.
