Mutineer S Moon Dahak Series:

Mutineers' Moon David Weber, 1991 On a flight over the moon Lt Commander Colin MacIntyre's ship is seized by Dahak an ancient warship from the Galactic Imperium Contact with the Imperium must be restored and the Earth united to defend itself otherwise the planet is doomed

Interstellar Patrol Christopher Anvil, 2003-04-01 A FEW GOOD CON MEN The starship crew was stuck on a planet where the well meaning schemes of ivory tower social engineers had created a nightmare of battling gangs So they pretended to be the Royal Legions from a distant star kingdom in hot pursuit of an unspeakably evil and nearly all powerful villain who was hiding somewhere on the planet Things went even better than they had hoped and the planet was rapidly becoming civilized and then the real Royal Flagship showed up They thought they were doomed but instead the new arrivals who also weren't quite what they claimed to be thought the crew had shown just the sort of initiative and ingenuity that the Interstellar Patrol was looking for So they were inducted into the Patrol And that was just the beginning At the publisher's request this title is sold without DRM Digital Rights Management I am delighted that someone is making Christopher Anvil's work available once again Especially the Interstellar Patrol stories I've always loved Anvil's peculiar sense of humor David Weber Anvil is insistently readable The Encyclopedia of Science Fiction

The Armageddon Inheritance Weber, 1993-12-01 JOB PRESSURE Colin MacIntyre's life as a NASA astronaut might not have been exciting but at least it was orderly Unfortunately he's been tapped for greater things and he isn't too sure he likes it First he was kidnapped by an ancient self aware starship masquerading as Earth's moon Then he was drafted as its captain to suppress a five thousand year old mutiny And then he had to mobilize the planet against the attack of an eons old ancient menace dedicated to the eradication of all intelligent life in the galaxy It's hard to blame him for feeling a little stressed but there's something Colin MacIntyre doesn't know about all the things he's had to do They were the easy part

Empire From the Ashes David Weber, 2003-03-01 WE HAVE A JOB FOR YOU Just a routine day in lunar orbit That's all Lieutenant Commander Colin MacIntyre USN expected Only a simple training mission to test a new survey instrument intended for the first manned American Russian interstellar flight What he got was just a bit different First there was the fact that Earth didn't actually have a Moon Then there was the three thousand kilometer diameter alien starship pretending it was the Moon And the millennia old cybernetic intelligence that shanghaied him to serve as its crew Colin might have been forgiven for thinking that those were enough surprises for any one man but there were a few other small problems Like the deadly mutiny which had been raging longer than the human race had existed on Earth and still wasn't over Or like the millions of other starships crewed by genocidal aliens dedicated to the extermination of all possible competing life forms which just happened to be headed straight towards Earth Or like the interstellar empire whose aid offered humanity's only hope for survival except for the minor fact that its last emperor and all of his subjects had died forty five thousand years ago Add in the occasional homicidal terrorist religious fanatics convinced that the only good MacIntyre was a dead MacIntyre a bic weapon capable of

killing every living thing on any planet a super bomb which could take out whole worlds a starship drive which could destroy complete solar systems and the need to organize the entire planet Earth and all of its warring mutually murderous factions for a probably hopeless last ditch defense and Colin was convinced that things were just about as bad as they could possibly get Until he found out whose job it had just become to fix all those problems of course At the publisher s request this title is sold without DRM Digital Rights Management **To Be Continued** Hope Apple,Merle L. Jacob,2000-10-10 Keeping track of prolific authors who write fiction series was quite challenging for even the most ardent fan until To Be Continueddebuted in 1995 Noew readers will be happy that the soon to be released second edition has added 1 600 new books and 400 new series To Be Continued Second Edition maintians the first volume s successful formula that featured concise A to Z entries packed with useful information including titles publishers publication dates genre categories annotations and subject terms Among the genre categories that can be found in To Be Continued are romance science fiction crime novel horror adventure fantasy humor western war Christian fiction and others **The Writers Directory** ,2013 **What Do I Read Next?** ,1997
