A Quantum City Ludger Hovestadt, Vera Bühlmann, 2015-06-16 We know the specific strengths of various cities are aware of their ranking are able to discuss their density and growth But what do all cities have in common what do we know about the lowest common denominator The city as a species the primal genetic material of the city this is the subject of *A Quantum City* This colossal work is a love letter to the city and intellectual culture We follow the fictional narrative figure Orlando beginning in 320 BC on his odyssey through the Western world up to the present time The book is divided into four interrelated chapters and can be read page by page in a discursive manner however randomly browsing through the book also offers new and multi faceted interpretations Great intellectual achievements are compared with obscure and mundane events *A Quantum City* offers an inspiring view of the city that is in us and around us *The Washingtons and Their Homes* John W. Wayland, 2009-06 Anyone fascinated with the genealogy or history of the family of George Washington should own this elegant publication For in this profusely illustrated work originally published in 1944 and reprinted by arrangement with the Virginia Book Company John Wayland one of the giants of Virginia genealogy recounts the Washington family history by taking us on a tour of the legendary homesteads they inhabited *My Address Is a River* Chris Highland, 2010-08-03 For nearly thirty years Chris Highland has sauntered the rivers and streams of poverty and homelessness as a teacher social worker and radical chaplain His practice of presence among people who find themselves stuck on the muddy banks or in the swirling eddies of poverty despair and addiction reveals something surprising He discovers gifted ability among those who have disabilities the meaning of freedom among incarcerated people and a profound sense of home among houseless women men youth and children Chaplain Chris as he was affectionately known in the jails and on the streets faced fear locked into maximum security units of a county jail faced his own limitations teaching and being taught by persons with broken brains faced his own need for shelter and attachment to possessions by walking the streets sharing meals and creating art with good human beings who often possess nothing but what they carry on their backs and bear in their hearts and minds He has seen the pained face of America reflected in the churning rivers of humanity and come away with stones of truth and driftwood of insight *My Address is a River* is a testimony to the courage and wisdom of society's castaways neighbors without addresses who are often pushed out of cities communities and congregations to seek islands of refuge for shelter stability and sanity The seventy meditations reflections and stories contained in these pages are gleaned from the hardcore pavement steel and cement where this keeper of the roofless chapel has been present for hidden but not entirely helpless or hopeless people Each selection is paralleled by a teaching from a spiritual poetic or literary source Enhanced with the author's vivid black and white photographs of natural waterways this collection will inspire communities to re vision and re open more doors and minds to create more channels for compassionate action in other towns on other streets by other rivers *The Complete Father Brown Mysteries* G.
