*Multinationals, Governments and International Technology Transfer (RLE International Business)* Edward Safarian, Gilles Bertin, 2013-05-07 This book examines the international technology transfer process and the role of both multinationals and host country governments in that process with emphasis on the experience of the more developed countries It explores a range of issues and presents much original thinking and research findings It discusses in particular the strategies of the multinationals assessing how far they are willing to accept technology transfer to external partners as opposed to subsidiaries which they can control It also examines how far technical transfers are successful from the viewpoint of the firm and countries involved arguing that governments are most likely to succeed in attracting multinational transfers if they are aware of and accommodate to some degree multinationals preferences

**Multinational Enterprises and Government Intervention (RLE International Business)** Thomas Poynter, 2013-01-04 Government intervention can reduce the profits of multinational enterprises These interventions also increase uncertainty and risk and distort trading and intra firm sourcing patterns The focus of this book is a corporate survival plan that describes how a multinational can monitor its exposure to intervention and then seek to reduce it It reports on the successes and failures of firms as they implement various global management systems and recommends a general strategy Such a strategy will allow multinationals to continue foreign investment with the longer term horizons that will benefit both the firms and their host countries

*Multinationals, Governments, and International Technology Transfer* A. E. Safarian, Gilles Y. Bertin, 2013 This book examines the international technology transfer process and the role of both multinationals and host country governments in that process with emphasis on the experience of the more developed countries It explores a range of issues and presents much original thinking and research findings It discusses in particular the strategies of the multinationals assessing how far they are willing to accept technology transfer to external partners as opposed to subsidiaries which they can control It also examines how far technical transfers are successful from the viewpoint of the firm a

**Japanese Multinationals** Nigel Campbell, Fred Burton, 2012-11-26 International in perspective this volume provides insights into the important problem of how to transfer Japanese practice to Western countries It also examines key aspects of Japanese multinationals and discusses how they are developing their global strategies and how they are managing their local workforces Topics covered include relations with suppliers governments and competitors leadership patterns and business philosophy The impact of Japanese multinationals on the local economies of host countries is a particular focus The dynamics of strategic alliances technology transfers and research and development centres are also discussed

*Multinationals, Technology and Competitiveness (RLE International Business)* John H. Dunning, 2012-11-26 This book explores some aspects of the interface between technology competitiveness and the role of multinational enterprises in the world economy This group of essays stresses the role of asset creation and usage rather than reliance on natural factor endowments as a basis for national competitiveness

and examines the role of multinational enterprises as vehicles for technological transfer and the efficient co ordination of economic activity across national boundaries

**The Multinational Enterprise (RLE International Business)** John Dunning,2013-01-17 The book focuses on the major environmental implications stemming from the growth of the multinational enterprise in a multiple currency world the international transfer of technology industrial relations and labour utilization in foreign owned firms in the UK multinational companies and trade union interests foreign direct investment the balance of payments and trade flows the multinational enterprise and developing countries government policy alternatives and the problem of international sharing and a case study of a multinational enterprise in Europe A survey of the background to the multinational enterprise and concluding summaries ensure that this book is one of the most widely embracing volumes available on the subject

**International Production and the Multinational Enterprise (RLE International Business)** John H. Dunning,2012-11-26 The growth and impact of the multinational enterprise MNE in the post war period is one of the most important phenomena of our time This volume originally published in 1981 provides a comprehensive and detailed review of both the theoretical and policy issues at a time when the subject had reached a watershed after the controversies of the 1970s The book provides a balanced discussion of major themes such as the development of modern theories of international production the impact of the MNE on the nation state and the structure of the international market the response of governments and the appropriate framework for policy measures and the historical context and likely future of the MNE

**The Middle East, Abstracts and Index** ,2007

**Strategies for Joint Venture Success (RLE International Business)** Peter Killing,2012-11-26 Although published thirty years ago this book accurately predicted that joint ventures would become an increasingly prominent feature on the corporate landscape This book based on the experience of managers in both successful and unsuccessful joint ventures has been written expressly to help managers improve the performance of their joint ventures It discusses the area of joint venture design and management including the management of ventures between corporations and government bodies

**Technology Transfer in International Business** Tamir Agmon,Mary Ann Young Von Glinow,1991 This is a book on the means by which technological knowledge is transferred from countries that develop it to those that need it but have not yet been able to develop it on their own The focus is on the transfer of technology from Western countries to Asian countries

**Multinationals, Technology and Competitiveness** John H. Dunning,2013 This book explores some aspects of the interface between technology competitiveness and the role of multinational enterprises in the world economy This group of essays stresses the role of asset creation and usage rather than reliance on natural factor endowments as a basis for national competitiveness and examines the role of multinational enterprises as vehicles for technological transfer and the efficient co ordination of economic activity across national boundaries

*Organizing Global Technology Flows* Pierre-Yves Donzé,Shigehiro Nishimura,2013-11-12 Research on the international transfer of technology in

economics and management literature has primarily focused on the role of countries and that of companies in particular multinational enterprises MNEs Similarly economic and business historians have tended to view international technology transfer as a way for economically backward countries to acquire new technologies in order to catch up with more developed economies This volume provides a more in depth understanding of how the international transfer of technologies is organized and in particular challenges the core periphery model that is still dominant in the extant literature By looking beyond national systems of innovation and statistics on foreign trade patent registration and foreign direct investment the book sheds more light on the variety of actors involved in the transfer process including engineers entrepreneurs governments public bodies firms etc and on how they make use of a broad set of national and international institutions facilitating technology transfer Put differently the volume offers a better understanding of the complexity of global technology flows by examining the role and actions of the different actors involved By bringing together a number of original case studies covering many different countries over the period from the late 19th to the 21st century the book demonstrates how technology is being transferred through complex processes involving a variety of actors from several countries using the national and international institutional frameworks

*The International Transfer of Commercial Technology* Leo Edwin Konz,1980    Technology Transfer and International Law Peter Nanyenya-Takirambudde,1980    The Multinational Corporation and the Resource Cost of International Technology Transfer David J.
