[Murder In Spokane](#) Mark Fuhrman, 2002-04-30 True crime at its very best Building on his two previous *Murder in* bestsellers Mark Fuhrman turns his formidable detective skills to the apprehension and arrest of Robert L Yates Jr a serial killer responsible for the deaths of at least 23 women Written in the same fast paced style as *Murder in Brentwood* and *Murder in Greenwich* this is a shocking account of Fuhrman s investigation of the prostitutes deaths as he worked alongside

the Spokane Task Force The serial killer preyed on prostitutes with drug problems He intentionally selected street people who would not be missed right away often women who were new to town The police seemingly put these murders on the back burner because the victims did not stir up public sentiment Only after the serial killer began to play with the police planting bodies for attention and escalating the murders did intense effort go into the case Though the understaffed police force did catch the killer Fuhrman shows that their reliance on computers and on DNA test results from everyone they interviewed was slower than doing old fashioned gumshoe detective work With the clues they had Fuhrman writes the police could have made the arrest two years earlier saving the lives of at least nine women Through the Window Diane Fanning,2002 The terrifying true story of cross country killer Tommy Lynn Sells *Westside Park Murders, The: Muncie's Most Notorious Cold Case* Keith Roysdon and Douglas Walker,2021 On a warm night in September 1985 teenagers Kimberly Dowell and Ethan Dixon were brutally murdered in Westside Park in Muncie Indiana Their killer has never been charged Early on police focused on a family member of one of the teens as a primary suspect The investigation even ruled out fantastic scenarios including a theory that the perpetrator was a Dungeons Dragons devotee The case grew cold Only decades later did a dogged police investigator narrow the scope to a suspect whose name has never been publicly revealed until now Keith Roysdon and Douglas Walker authors of *Wicked Muncie* and *Muncie Murder Mayhem* have followed the investigation into the Westside Park murders for decades and for the first time report the complete and untold story Page 4 of cover *Blood Money* Carlton Smith,2025-06-25 The story of an Olympic wrestler allegedly murdered by the wealthy heir to the Du Pont fortune *Blood Money* takes readers inside the bizarre world of a multi millionaire and lays bare the brutal shooting and tense police siege that riveted the nation **Box Set: Until Proven Innocent and The Unsolved Murder of Adam Walsh Books One and Two** Arthur Jay Harris,2016-06-08 UNTIL PROVEN INNOCENT The prosecutor was no longer sure both murder defendants were guilty So he asked his dad the real life Kojak A mother's dying gasping call to 911 My husband My baby In her secluded ranch house she'd been stabbed with a kitchen knife Her husband infant and elderly father in law had all been shot in the head point blank For three years police had two suspects under surveillance then arrest Both faced the death penalty But prosecutor Brian Cavanagh began to doubt that the defendants were partners So he consulted with his father a retired NYPD cop whose reputation for savvy sleuthing had inspired the creation of one of the most beloved characters in television history Now the question was Could Dad help solve the case THE UNSOLVED MURDER OF ADAM WALSH The famous missing child case of Adam Walsh a 6 year old last seen at a Sears in a shopping mall in Hollywood Florida in July 1981 was the worst nightmare imaginable Two weeks later a child's severed head was found and identified as Adam No one has ever been arrested for the crime For the most part the case's narration has been told by the victims Adam's parents Reve and John Walsh However there has been another voice independent investigative journalist and author of five True Crime books about Florida Arthur Jay Harris who has continued to write about it for two decades and has worked on it

with ABC News The Miami Herald and others The deeply researched story he tells disputes almost everything that everyone in the public has been led to believe IN BOOK ONE Harris shows that the taker of Adam was most likely not the drifter Ottis Toole as police now say but rather the serial killer Jeffrey Dahmer who was arrested ten years later with eleven severed heads in his apartment Harris documented him by a police report living near Hollywood as a transient about when Adam disappeared That report had him supposedly finding a dead body in an alley behind where he worked The report referred to a meter and storage room steps away where Harris and ABC News found blood droplets rising up a wall next to a lumberman s axe and a sledgehammer Was this Dahmer s doing Further Dahmer was identified by seven police witnesses who said they saw him at the mall with or near Adam when he was taken One of those witnesses said he saw him throw Adam into a blue van and get away Where Dahmer worked there was a blue van easily and often taken for personal use without permission Early on a blue getaway van was Hollywood s first best clue IN BOOK TWO Harris shows that all the official files are incredibly missing the most customary documents that would prove the ID of the found child who was said to be Adam Among the documents missing are the autopsy report a forensic dental report considering that the ID was strictly based on a tooth comparison and Adam s dental chart and dental X rays An investigation by the Florida Department of Law Enforcement confirmed his finding In fact the ID was not only shoddy and inadequate but is overwhelmingly likely wrong In Adam s last photo he was clearly missing both his top front teeth A police crime scene photo never before published shows the found child had a mostly in buck tooth a top left front tooth Harris consulted a number of pediatric and forensic dental and medical examiner experts who confirmed the obvious there wasn t enough time for Adam to have grown it in that far All that would have been exposed at a court trial but more than 30 years after Adam s disappearance there has never been one Did police end the search for Adam too soon Could Adam still be alive In fact not so impossible Harris found

They must have been followed. That's the thought I return to after all these years. In May 1996, two skilled backcountry leaders, Lollie Winans and Julie Williams, entered Virginia's Shenandoah National Park for a week-long backcountry camping trip. The free spirited and remarkable young couple had met and fallen in love the previous summer while working at a world renowned outdoor program for women. During their final days in the park, they descended the narrow remnants of a trail and pitched their tent in a hidden spot. After the pair didn't return home as planned, park rangers found a scene of horror at their campsite: their tent slashed open, their beloved dog missing, and both women dead in their sleeping bags. The unsolved murders of Winans and Williams haunt all who had encountered them. When award winning journalist and outdoors expert Kathryn Miles begins looking into the case, she discovers conflicting evidence, mismatched timelines, and details that just don't add up. With unprecedented access to crucial crime scene forensics and key witnesses, and with a growing sense of both mission and obsession, she begins to uncover the truth. An innocent man Miles is convinced had been under suspicion for decades while the true culprit was still unknown, serial killer if only authorities would have taken a closer look sooner.
