Music Gender Education Music Gender Education

Jacqueline Warwick

Music Gender Education Music Gender Education:

Music, Gender, Education Lucy Green, 1997-03-28 This book focuses on the role of education in relation to music and gender Invoking a concept of musical patriarchy and a theory of the social construction musical meanings Lucy Green shows how women s musical practices and gendered musical meanings have been reproduced hand in hand through history Covering a wide range of music including classical jazz and popular styles Dr Green uses ethnographic methods to convey the everyday interactions and experiences of girls boys and their teachers She views the contemporary school music classroom as a microcosm of the wider society and reveals the participation of music education in the continued production and reproduction of gendered musical practices and meanings **Music, Gender and Education** Lucy Green, 1993

Music, Gender and Education Deborah L. Quow, Music Education as Critical Theory and Practice Lucy Green, 2017-07-05 This collection of previously published articles chapters and keynotes traces both the theoretical contribution of Lucy Green to the emergent field of the sociology of music education and her radical hands on practical work in classrooms and instrumental studios The selection contains a mixture of material from essays that have appeared in major journals and books to some harder to find publications It spans issues from musical meaning ideology identity and gender in relation to music education to changes and challenges in music curricula and pedagogy and includes Green s highly influential work on bringing informal learning into formal music education settings A newly written introduction considers the relationship between theory and practice and situates each essay in relation to some of the major influences within and beyond the field of music education which affected Green s own intellectual journey from the 1970s to the present day

Gender Issues in Scandinavian Music Education Silje Valde Onsrud, Hilde Synnøve Blix, Ingeborg Lunde Vestad, 2021-03-14 *Gender Issues in Scandinavian Music Education From Stereotypes to Multiple Possibilities* introduces much needed updates to research and teaching philosophies that envision new ways of considering gender diversity in music education This volume of essays by Scandinavian contributors looks beyond the dominant Anglo American lens while confronting a universal need to resist and rethink the gender stereotypes that limit a young person s musical development Addressing issues at all levels of music education from primary and secondary schools to conservatories and universities topics discussed include the intersection of social class sexual orientation and teachers beliefs gender performance in the music classroom and its effects on genre and instrument choice hierarchical inequalities reinforced by power and prestige structures strategies to fulfill curricular aims for equality and justice that meet the diversity of the classroom and much more Representing a commitment to developing new practices in music education that subvert gender norms and challenge heteronormativity *Gender Issues in Scandinavian Music Education* fills a growing need to broaden the scope of how gender and equality are situated in music education in Scandinavia and beyond **Women and Music** , 1998 Towards Gender Equality in the Music Industry Sarah Raine, Catherine Strong, 2019 Gender inequality is universally understood to be a

continued problem in the music industry This volume presents research that uses an industry based approach to examine why this gender imbalance has proven so hard to shift and explores strategies that are being adopted to try and bring about meaningful change in terms of women and gender diverse people establishing ongoing careers in music The book focuses on three key areas music education case studies that explore practices in the music industry and activist spaces Sitting at the intersection between musical production the creative industries and gender politics this volume brings together research that considers the gender politics of the music industry itself It takes a global approach to these issues and incorporates a range of genres and theoretical approaches At a time when more attention than ever is being paid to gender and music this volume presents cutting edge research that contributes to current debates and offers insights into possible solutions for the future

Women and Music in America Since 1900 Kristine Helen Burns,2002 The 20th century heard a rich sound coming from America women making music Other works may be strictly biographical or cover only one type of musician This two volume A to Z encyclopedia represents the first major effort to describe the role of women in all forms of music in the United States since 1900 The significance of an individual s contribution rather than their popularity determined who was featured in this collection Included individuals must also have been born in been a resident of or made most of her contributions in the United States Each entry concludes with a short list of further readings Photos accompany nearly 100 entries A preface an introductory historical overview a chronology a guide to related topics a list of contributors a general bibliography and an index help to present the full spectrum of American women who changed the face of music in the 1900s

Book jacket **Honoring Trans and Gender-Expansive Students in Music Education** Matthew L. Garrett,Assistant Professor of Vocal/Choral Music Education Joshua Palkki,Joshua Palkki,2021-08-02 Trans and gender expansive youth deserve a safe and empowering space to engage in high quality school music experiences Supportive music teachers ensure that all students have access to ethically and pedagogically sound music education In this practical resource authors Matthew L Garrett he him and Joshua Palkki he him encourage music educators to honor gender diversity through ethically and pedagogically sound practices Honoring Trans and Gender Expansive Students in Music Education is intended for music teachers and music teacher educators across choral instrumental and general music classroom environments Grounded in theory and nascent research we provide historical and social context and practical direction for working with students who inhabit a variety of spaces among a gender identity and expression continuum Trans and gender expansive students often place their trust in music teachers with whom they have developed a deep bond over time It is essential then for music teachers to understand how issues of gender play out in formal and informal school music environments Stories of trans and gender expansive youth and their music teachers anchor practical suggestions for honoring students in school music classrooms and more general school contexts

Canadian University Music Review ,1997 [Practical Gender Issues in Music Education](#) Chin Chung Hsu,2009 **Music, Gender, and Sexuality Studies** Jacqueline Warwick,2022-07-14 Music

Gender and Sexuality Studies A Teacher's Guide serves as a guide to the professor tasked with teaching music to undergraduates with a focus on gender. Although the notion of feminist approaches in musicology was once greeted with scorn, the last 40 years have seen a seismic shift across music studies to the point that classes on women and music are now commonplace in most undergraduate music programs. The goal of this book is to give the instructor some tools and strategies that will build confidence in approaching music as it relates to gender and sexuality and to offer some advice on how to make the class rewarding for all. The book is organized into four broad sections plus an introduction outlining how to use the book and how the teaching of music, gender, and sexuality can be rewarding. Each section—Composition, Support, Performance, and Audience—includes possible themes for study and examples of music that can illuminate those themes, allowing the instructor to shape the course according to their own preference for classical, jazz, or popular styles. The author offers a practical guide to building syllabi that can fit the instructor's interests and the priorities of the institution, crafting assignments that will engage and inspire students, choosing repertoire from a range of styles and genres, and maintaining a focus on how music shapes gender and how gender shapes music.

Journal of Historical Research in Music Education, 2000 **The Art of Teaching Music** Estelle Ruth Jorgensen, 2008 A veteran teacher's practical approach to music education **The Quarterly Journal of Music Teaching and Learning**, 1993 **New Literature on Women**, 1998 **Women's Voices Across Musical Worlds** Jane A. Bernstein, 2004 This eclectic collection of original essays explores women's musical activities and expressions from the twelfth century to the present **Race and Gender in the Western Music History Survey** Horace J. Maxile, Jr., Kristen M. Turner, 2022-06-22 Race and Gender in the Western Music History Survey A Teacher's Guide provides concrete information and approaches that will help instructors include women and people of color in the typical music history survey course and the foundational music theory classes. This book provides a reconceptualization of the principles that shape the decisions instructors should make when crafting the syllabus. It offers new perspectives on canonical composers and pieces that take into account musical, cultural, and social contexts where women and people of color are present. Secondly, it suggests new topics of study and pieces by composers whose work fits into a more inclusive narrative of music history. A thematic approach parallels the traditional chronological sequencing in Western music history classes. Three themes include people and communities that suffer from various kinds of exclusion: Locales, Forms, Responses, Reception. Each theme is designed to uncover a different cultural facet that is often minimized in traditional music history classrooms but which, if explored, leads to topics in which other perspectives and people can be included organically in the curriculum while not excluding canonical composers.
