Television and Youth Culture J. jagodzinski, 2009-03-26 This book explores youth in postmodern society through a Lacanian lens Jagodzinski explores the generalized paranoia that pervades the landscape of television Instead of dismissing paranoia as a negative development he claims that youth today labour within the context of paranoia to find their identities

Death Metal and Music Criticism Michelle Phillipov, 2012-01-01 In this book Author Michelle Phillipov Combines original analyses of death metal with accessible overviews of popular music studies as a field By doing so Phillipov demonstrates how the premium placed on political engagement in popular music studies serves to circumscribe our understanding of the complexity and specificity of death metal

Psychopedagogy K. Cho, 2009-06-08 Examining the work of Lacan and Freud Cho argues that a theory of pedagogy is already embedded within psychoanalysis Psychopedagogy is the name given to this embedded theory Through a discussion of key psychoanalytic concepts as well as a variety of other topics Cho develops the contours of psychopedagogy

Youth Peacebuilding Lesley J. Pruitt, 2013-04-01 This book highlights the important role youth can play in processes of peacebuilding by examining music as a tool for engaging youth in such activities As Lesley J Pruitt discusses throughout the book music as expression as creation as inspiration can provide many unique insights into transforming conflicts altering our understandings and achieving change She offers detailed empirical work on two youth peacebuilding programs in Australia and Northern Ireland countries that appear overtly peaceful but where youth still face structural violence and related direct violence at the community level She also pays careful attention to the ways in which gender norms might influence young people s participation in music based peacebuilding activities Ultimately the book defines a new research area linking youth

cultures and music with peacebuilding practice and policy **Lacan in the End Times** Rob Weatherill, 2022-09-21 This book explores themes around the Father His absence in modern society and the decline of mental health The nature of this decline can be uniquely psychoanalytically theorised in both the corresponding ferocity of the internal object and exposure to the Real The first part of this book underlines what psychoanalysis and psi sciences continue to overlook who now provides what Lacan called the narrow footbridge between anxiety and death What terrorism must replace the father How can reality be stabilised once more The second part follows the atomised world as it turns towards extremism and utopian dreams in Ireland via Hanaghan's radical psychoanalysis in Levinasian ethics in Gnostic belief in an evil world and in the clinic of the death drive The conclusion turns finally to the God beyond God and the overwhelming evidence for God's presence in the world Lacan in the End Times will be of interest to psychoanalysts psychotherapists counsellors social workers and scholars in critical theory philosophy cultural theory literary theory and theology **The SAGE Guide to Curriculum in Education** Ming Fang He, Brian D. Let the Music Play! Anthony M. Pellegrino, Christopher Dean Lee, 2012-09-01 LET THE MUSIC PLAY Harnessing the Power of Music for History and Social Studies Classrooms provides readers an accessible introduction to employing music in history and social studies classrooms Teachers who wish to develop lessons using music as a resource will find coverage of the significant relationship between music and social studies pedagogical models designed to facilitate using music within history and social studies lessons and coverage of salient historical themes in which music has been integral The book begins by establishing the connection between music and social studies themes Here readers will explore the ways musicians have attempted to address social political or historical events and issues through song Through relevant research and exclusive interviews done for this book the thoughts of prominent

musicians noted for songs promoting social consciousness and self-awareness including Ian MacKaye, Henry Rollins, and Aaron Bedard are shared. The views of teachers and students in terms of the connections between music and the social studies as well as their inclinations to using music in social studies classrooms are also prominently addressed. Additionally, the book furnishes readers with a practical guide to using music in the social studies classroom. Through explanation of four models for using music in the classroom, readers gain relevant ideas useful for a wide variety of instructional methodologies. And finally, the authors delve into three of the most enduring themes in American history and social studies curricula: race, labor, and class. Through an examination of these topics within the framework of music, readers are given the opportunity to discern the way music has manifested in each of these topics. Readers will also enjoy lesson plans and annotated playlists associated with each of these topics.

The Lyre of Orpheus Christopher Partridge, 2014. The study of religion and popular culture is an increasingly significant area of scholarly inquiry. Surprisingly, however, Christopher Partridge's *The Lyre of Orpheus* is the first general introduction to the subject of religion and popular music. His aim in this book is to introduce a range of theoretical and methodological perspectives to be used in the study of religion and popular music and popular music subcultures. He addresses a range of issues from postcolonialism to postmodernism, from sex to drugs, from violence to the demonic, and from misogyny to misanthropy. Part One provides a general overview of the history of popular music scholarship and the key approaches that have been taken. Part Two looks at approaches from the perspectives of theology and religious studies, examining key themes relating to particular genres and subcultures. Part Three narrows the focus and examines key artists and bands mentioned in Part Two, including Elvis, Bob Dylan, Madonna, and Björk. Written to be accessible to the undergraduate, *The Lyre of Orpheus* will also appeal to general readers interested in the role of religion in our culture.

Affective Intensities in Extreme Music Scenes R. Overell, 2014-05-13. An ethnographic study of gender, place, and belonging, *Affective Intensities* introduces readers to the embodied sensations, flows, and experiences of being in extreme music scenes in Australia and Japan.

Rancid Aphrodisiac Mickey Vallee, 2016-06-30. It has been sixty years since Rock n Roll exploded into the mainstream, yet we remain limited in our understanding of how its bawdy excesses absorbed into the annals of mass popularity in such a short amount of time. Mickey Vallee asks what if the Rock n Roll eruption was nothing less than postwar consumer capitalism at its very best, precisely because it was taken as its very worst. Vallee explores the emergence of Rock n Roll's from an entirely new theoretical disposition in order to answer this question, drawing mainly from Lacanian cultural psychoanalysis to reveal that Rock n Roll was far more conformist than we are generally led to believe, namely that it was conformist with emerging liberal principles of freedom from the tyranny of the state. Vallee supports this proposition with detailed analyses of familiar and not so familiar characters and texts in Rock n Roll to suggest that the disruption of our symbolic economy was symptomatic of a new cultural logic of economic freedom. While not denying Rock n Roll's role in the pre-civil rights movement, Vallee refuses the possibility to deny that Rock n Roll's symbolic efficacy

ultimately coordinated a neoliberal foundation to the ideology of individualism in its rhythm instrumentation lyrics and vocals where its power was at its most effective and affective

The War on Terror and American Popular Culture Andrew Schopp, Matthew B. Hill, 2009 *The War on Terror and American Popular Culture* is a collection of original essays by academics and researchers from around the world that examines the complex interrelation between the Bush administration's War on Terror and American popular culture Written by experts in the fields of literature film and cultural studies this book examines in detail how popular culture reflects concerns and anxieties about the September 11 attacks and the war those attacks generated how it interrogates the individual and collective impacts that war has wrought how it might challenge or critique current policy and how it might reinforce or endorse the war and its sociopolitical paradigms

Knowing, Not-Knowing, and Jouissance Raul Moncayo, 2018-09-03 This book explores the practice and transmission of Lacanian and Freudian theory It discusses the pure versus applied analysis of Lacanian and Freudian theory in practice and the hierarchical versus circular transmissions within psychoanalytic organizations Underpinned by extensive practical knowledge of the clinic this work examines the differences between Freud and Lacan in their understanding of the subject and the unconscious and pushes them in new directions The book also offers an analysis and commentary of several key Lacanian texts including an accessible study of the notoriously challenging text *L'etourdit* Offering both divergent and reinforcing takes on Lacan the author explores the traits that separate out the psychoanalyst from other twentieth century thinkers and theorists This book offers a clear clinical picture of where Lacanian psychoanalysis is today both in the US and

internationally **Unconscious Incarnations** Brian W. Becker, John Panteleimon Manoussakis, David M. Goodman, 2018-04-27 *Unconscious Incarnations* considers the status of the body in psychoanalytic theory and practice bringing Freud and Lacan into conversation with continental philosophy to explore the heterogeneity of embodied life By doing so the body is no longer merely an object of scientific inquiry but also a lived body a source of excessive intuition and affectivity and a raw animality distinct from mere materiality The contributors to this volume consist of philosophers psychoanalytic scholars and practitioners whose interdisciplinary explorations reformulate traditional psychoanalytic concepts such as trauma healing desire subjectivity and the unconscious Collectively they build toward the conclusion that phenomenologies of embodiment move psychoanalytic theory and practice away from representationalist models and toward an incarnational approach to psychic life Under such a carnal horizon trauma manifests as wounds and scars therapy as touch subjectivity as bodily boundedness and the unconscious real as an excessive remainder of flesh *Unconscious incarnations* signal events where the unsignifiable appears among signifiers the invisible within the visible and absence within presence In sum where the flesh becomes word and the word retains its flesh *Unconscious Incarnations* seeks to evoke this incarnational approach in order to break through tacit taboos toward the body in psychology and psychoanalysis This interdisciplinary work will appeal greatly to psychoanalysts and psychoanalytic psychotherapists as well as philosophy scholars and clinical psychologists *Learning the Left* Paul J. Ramsey, 2015-05-01 *Learning the Left* examines the ways in which young people and adults learned and continue to learn the tenets of liberal politics in the United States through the popular media and the arts from the turn of the twentieth century to the present This collection of essays foregrounds mass culture as an educational site it is hoped that this focus on the history of the civic functions of the popular media and arts will begin a much needed conversation among a variety of scholars notably historians of education *Art, Excess, and Education* Kevin Tavin, Mira Kallio-Tavin, Max Ryyänen, 2019-07-27 This book concentrates on the deep historical political and institutional relationships between art education and excess Going beyond field specific discourses of art history art criticism philosophy and aesthetics it explores how the concept of excess has been important and enduring from antiquity through contemporary art and from early film through the newer interactive media Examples considered throughout the book focus on disgust grandiosity sex violence horror disfigurement endurance shock abundance and emptiness and frames them all within an educational context Together they provide theories and classificatory systems historical and political interpretations of art and excess examples of popular culture and suggestions for the future of educational practice
