Musicking The Meanings Of Performing And Listening Music Or Culture:

Musicking Christopher Small, 2012-01-01 Extending the inquiry of his early groundbreaking books Christopher Small strikes at the heart of traditional studies of Western music by asserting that music is not a thing but rather an activity In this new book Small outlines a theory of what he terms musicking a verb that encompasses all musical activity from composing to performing to listening to a Walkman to singing in the shower Using Gregory Bateson s philosophy of mind and a Geertzian thick description of a typical concert in a typical symphony hall Small demonstrates how musicking forms a ritual through which all the participants explore and celebrate the relationships that constitute their social identity This engaging and deftly written trip through the concert hall will have readers rethinking every aspect of their musical worlds Music Traditions, Cultures, and Contexts Robin Elliott, Gordon E. Smith, 2010-04-19 Music Traditions Cultures and Contexts is a tribute to the ethnomusicologist Beverley Diamond in recognition of her outstanding scholarly accomplishments The volume includes essays by leading ethnomusicologists and music scholars as well as a biographical introduction The book s contributors engage many of the critical themes in Diamond s work including musical historiography musical composition in historical and contemporary frameworks performance in diverse contexts gender issues music and politics and how music is nested in and relates to broader issues in society The essays raise important themes about knowing and understanding musical traditions and music itself as an agent of social cultural and political change Music Traditions Cultures and Contexts will appeal to music scholars and students as well as to a general audience interested in learning about how music functions as social process as well as sound **Ethnomusicology** Jennifer Post, 2004-03-01 Ethnomusicology A Research and Information
