

CHINESE CULTURE: CUSTOMS & TRADITIONS OF CHINA

China is an extremely large country, and the customs and traditions of its people vary by geography and ethnicity. More than 1 billion people live in China, according to the Asia Society, representing 56 ethnic minority groups. The largest group is the Han Chinese, with about 900 million people. Other groups include the Tibetans, the Mongols, the Manchus, the Naxi, and the Hui, which is smallest group, with fewer than 2,000 people.

"Significantly, individuals within communities create their own culture," said Cristina De Rossi, an anthropologist at Barnet and Southgate College in London. Culture includes religion, food, style, language, marriage, music, morals and many other things that make up how a group acts and interacts. About a quarter of the people practice Taoism and Confucianism and other traditional religions. There are also small numbers of Buddhists, Muslims and Christians. Although numerous Protestant and Catholic ministries have been active in the country since the early 19th century, they have made little progress in converting Chinese to these religions.

LANGUAGE

There are seven major groups of dialects of the Chinese language, which each have their own variations, according to Mount Holyoke College. Mandarin dialects are spoken by 71.5 percent of the population, followed by Wu (8.5 percent), Yue (also called Cantonese; 5 percent), Xiang (4.8 percent), Min (4.1 percent), Hakka (3.7 percent) and Gan (2.4 percent).

Chinese dialects are very different, according to Jerry Norman, a former professor of linguistics at the University of Washington and author of "Chinese
