Mustard Seed Vs Mcworld Reinventing Life And Faith For The Future:

Mustard Seed vs. McWorld Tom Sine,1999-09-01 A guide for helping Christians understand the rapid fire global changes in society and grasp God's perspective of working through the seemingly insignificant to effect lasting change **Working Together with God to Shape the New Millennium** Kenneth B. Mulholland, Gary Corwin,2000 This collection of presentations from the 1999 IFMA EFMA EMS Triennial Conference explores the incredibly ambitious purpose and challenging task of Working Together with God to Shape the New Millennium Topics include Biblical Foundations for the New Millennium Working Together Strategically and Leadership Needed for the New Millennium **The Living Church**,2000 **A New Vision, a New Heart, a Renewed Call** David Claydon,2005 **Getting a Life** Douglas B. Miller,2023-11-28 Getting a Life Living Your Call is about finding meaning and purpose Writing from a Christian perspective but also addressing readers who embrace other worldviews it uses stories and examples to help readers examine their gifts experience and motivations as clues to God's direction for their lives Chapters are devoted to faith as an everyday experience identity how to be confident in what we know the importance of community moral health central issues of Christian faith and various worldview options as key elements on the way to understanding one's job and vocation Excellent for individual group or classroom use it serves as a primer for epistemology soteriology ecclesiology ethics and apologetics as well as worldview and culture studies while keeping its focus on practical questions of life engagement and the choice of profession The book offers help for developing a personal mission statement and encouragement for life giving disciplines *Live Like You Give a Damn!* Tom Sine,2016-04-05 Live Like You Give a Damn declares the very good news that God is raising up a new generation largely outside the church to bring impressive change to the lives of our neighbors locally and globally by creating innovative forms of social enterprise and community empowerment The even better news is that those of us within the church can join this changemaking celebration and discover creative new ways God can use our mustard seeds to make a more remarkable difference than we ever imagined possible In this book Tom Sine offers practical ways you can join those who are creating their best communities their best world and in the process their best lives Sine shows that in a world changing at warp speed following Jesus is a design opportunity It is not only an opportunity to design innovative ways to make a difference but also an opportunity to create lives with a difference in the way of Jesus that are simpler and more sustainable and to throw better parties along the way Why would anyone want to settle for less and miss the best Review on Coffee House Contemplative hReview on Hearts on Minds Review on Book Saint embed container position relative padding bottom 56 25% height 0 overflow hidden max width 100% embed container iframe embed container object embed container embed position absolute top 0 left 0 width 100% height 100% Stott on the Christian Life Tim Chester,2020-05-07 John Stott was a twentieth century pastor theologian widely hailed for his heart for missions and expository preaching Even today Stott's legacy continues to influence churches around the world As both a faithful preacher and a thoughtful writer Stott

profoundly shaped evangelicalism's contemporary understanding of Christianity through an approach to the Christian life founded on the word shaped by the cross and characterized by the pursuit of Christlikeness in every area of life Tim Chester invites a new generation of readers to experience the Christian life as John Stott envisioned it not simply a theological puzzle to be solved but the daily practice of humble service and compassion found in the gospel of Jesus Christ *Servantship* Graham Joseph Hill, 2013-10-10 *Servantship* is essentially about following our Lord Jesus Christ the servant Lord and his mission it is a life of discipleship to him patterned after his self emptying humility sacrifice love values and mission *Servantship* is humbly valuing others more than yourself and looking out for the interests and wellbeing of others *Servantship* is the cultivation of the same attitude of mind Christ Jesus had making yourself nothing being a servant humbling yourself and submitting yourself to the will and purposes of the triune God Since servantship is the imitation of Christ it involves an unreserved participation in the *missio Dei* the Trinitarian mission of God In this pioneering work sixteen servants describe the four movements of radical servantship *Servantship* is the movement 1 from leadership to radical servantship 2 from shallowness to dynamic theological reflection 3 from theories to courageous practices and 4 from forgetfulness to transforming memory *Servantship* recognizes in word thought and deed that whoever wants to become great among you must be your servant and whoever wants to be first must be your slave just as the Son of Man did not come to be served but to serve and to give his life as a ransom for many **The Futurist**, 2000 **Christian Scholar's Review**, 2004

The Younger Evangelicals Robert E. Webber, 2002-10-01 Robert E Webber has led worship workshops in every major city in the United States and Canada Through his conversations and contacts with a network of emerging church leaders he calls the younger evangelicals Webber sees how this new generation and their style of leadership is bringing change and renewal to the evangelical church These leaders who include those young in spirit as well as young in age have important insights to offer all generations faced with doing church in a rapidly changing postmodern culture *The Younger Evangelicals* explores the characteristics of these emerging leaders and provides an outlet for their stories Beginning with a brief overview of twentieth century evangelicalism Webber examines what is different about the twenty first century younger evangelicals way of thinking about faith and practicing church He allows them Ph D s and laypeople to speak in their own words on issues such as communication theology apologetics pastoral leadership evangelism worship and spiritual formation Thought provoking energizing and timely *The Younger Evangelicals* is a landmark book for pastors and church leaders culture watchers ministry students and worship leaders who want to prepare for and respond to the new evangelical awakening brought on by our changing cultural context **What Inspirational Literature Do I Read Next?** Pamela Willwerth Aue, Henry L. Uncommon Sense John Peck,2000 Uncommon Sense is written for the increasing number of people who are aware of the contradictions implicit in traditional approaches to issues in art law science business politics education the family and other vital areas The authors approach is unique It is about more than building up ideas and making them work It is about the process of wisdom development aiming to assist the personal development of a wisdom that will become instinctive and govern actions in a spontaneous godly manner *Perspectives on Science and Christian Faith* ,2002 Commitment and Connection Gail Gunst Heffner,Claudia DeVries Beversluis,2002-12-28 This book highlights the work of faculty in many disciplines who have connected service learning with their teaching and scholarship The challenge of Christian scholarship in service learning is to use the scholarly tool of our disciplines with perspective and goals originating from the faith tradition to describe how community connections enable us to be agents of renewal in society *Defining Global Justice* Edward C. Lorenz,2001 This text covers the history of the USA s role in the International Labor Organization ILO It covers the challenge by the President of the American Political Science Association in 2000 who urged scholars to discover how well structured institutions could enable the world to have a new birth of freedom Lorenz s study describes one model of a well structured institution His history of the US interaction with the ILO shows how some popular organizations including organized labour the women s movement academics the legal community and religious institutions have been able to utilize the ILO structure to counter what the APSA president called self serving elites and their worst impulses These organizations succeeded repeatedly in introducing popular visions of social justice into global economic planning and the world economy The text reveals why the USA despite showing exceptional restraint in domestic social policy making played a leading role in the pursuit of just international labour standards
