Literature and Social Media Bronwen Thomas, 2020-01-31 From Instapoetry to BookTube contemporary literary cultures and practices are increasingly intertwined with social media In this lively and wide ranging study Bronwen Thomas explores how social media provides new ways of connecting with and rediscovering established literary works and authors while also facilitating the emergence of unique and distinctive forms of creative expression The book takes a 360 approach to the subject combining analysis of current forms and practices with an examination of how social media fosters ongoing collaborative discourse amongst both informal and formal literary networks and demonstrating how the participatory practices of social media have the potential to radically transform how literature is produced shared and circulated The first study of its kind to focus specifically on social media Literature and Social Media provides a timely and engaging account of the state of the art while interrogating the rhetoric that so often accompanies discussion of the new in this context **Social Justice, the Common Core, and Closing the Instructional Gap** Janet C. Richards, Kristien Zenkov, 2015-10-01 There is little doubt that the Common Core State Standards CCSS are a controversial entity They are provocative for the way in which they have been developed for the ways they are being implemented and evaluated for their content and for their failure to explicitly consider the needs interests and histories of diverse populations While the CCSS continue to be problematized by critics around the country including the editors of this volume it is evident our nation is moving toward some would argue we have arrived at a national set of standards and or a national curriculum This text will be an important volume for multiple audiences in large part because it will bring together critical perspectives on the CCSS and the notion of national standards curricula It will simultaneously provide a social justice orientation as a way to interpret the CCSS and respond to their limits while presenting practical examples of social justice oriented CCSS focused curricula that empower diverse learners and their teachers Social Justice the Common Core and Closing the Instructional Gap will consist of chapters by classroom teachers and university scholars who portray honest engaging first person accounts of their successes and challenges connecting a social justice pedagogical orientation to the Common Core State Standards These authors candidly and passionately share the challenges of navigating between a social justice curriculum and high stakes standards and test driven environments They highlight their accomplishments that include effectively supporting students to consider social injustices and devise plans to work toward a more equitable world *After The Blackout* J.R. Rogue, 2021-09-28 Goodreads Choice Nominated poet J R Rogue s newest poetry collection After The Blackout explores the author s experiment to give up alcohol for a year And how it transformed into a new way of life Weaving between debilitating hangxiety and the gross marriage between alcohol and her sexual encounters the author tears down memories and walls to expose the black and white definition of alcohol abuse society feeds us And brings the stark truth to the surface the face of alcohol use disorder can be anyone and any reason to give up alcohol is valid This collection is about everything we lose and the ways we let ourselves go

to say that my overall impressions of this were all things considered sure Basically I found the central ardent plotline in it to be sweet and convincing I partook in that there was an incredible development to their relationship which felt sensible It helps that the piece and pacing are both solid which you d expect from a pre arranged maker like Hoover Exactly when I at first read the explanation I was a little stressed that this book would be all things considered a grouch and I think it successfully could ve transformed into a semi putting story in some unsuitable hands down In any case Hoover really buckles down of managing the tone of the novel so it feels energetic yet completely not exorbitantly troubled The male saint is an all around traditional ardent legend but I liked that the principal individual of Kenna had a charming sensation of character which helped me with appreciating and root for their relationship Kenna is depicted as someone with a deplorable puberty achieving being someone in her more young years who wasn t really set up dressed somewhat provocatively and wasn t the sort of individual watchmen required their youngster to get back I adored her deformities and it made the story feel fairly more real to me Here is a Preview of What You Will Get A Detailed Introduction A Comprehensive Chapter by Chapter Summary Etc Get a copy of this summary and learn about the book
