How I lost 50,5 kgs in 5 month and 5 days. A history of 1061 days of failures and a path to success. Piotr Konopka, This book is my story It's about success the road to it there's a bit of theory But mostly it's about practice how in 158 days the title 5 months and five days I changed my life and lost 50.5 kg A hilarious picture of Pawel Jaronski is circulating the web a doctor diagnosing a patient saying You are fat Please don't be fat The patient thanks him and the consultation is over Much weight loss advice looks similar Seemingly simple advice that only looks good on paper Or in a world of superheroes endowed with superpowers This is not a book for superheroes Nor is it a book written by a superhero It is a story about how to win despite stumbles and failures How to learn lessons How to pick yourself up after successive falls You will only find advice that works in everyday life You will get practical advice tailored to the busy lifestyles of today's world Based on factual foundations and the knowledge of experts in many fields but is complemented by the true story of a man who has faced himself Or that's what superheroism is This book is a record of my story I won't describe my life but I will discuss almost four years It will be about success but also the road to it The first part concerns the period from 23 August

2019 to 18 July 2022 That is 1 061 days which can be seen as a period of failure Or to paraphrase Thomas Edison it was a period in which I discovered 1061 ways to lose weight that didn't work The second part was the 158 days actually the eponymous five months and five days during which using the experiences I had gathered I changed my life and lost 50.5 kg To lose weight I had to suffer from depression and stage III obesity Sometimes people with depression say they woke up driving a car in a head on collision Me I feel like I woke up in the vicinity of a coffin with a box of pizza in my hand The fact that I have lost and continue to lose weight is the result of the sum of my experiences not a magical transformation This is only a book for some I am not a doctor although doctors do appear in it This is not a book to diagnose endocrine disorders or other illnesses see a doctor about those I will not help you all But if at least a few people benefit from my story I will still be happy The fact that I have a circle of people supporting me is lucky Some people are not so fortunate But it's worthwhile then to seek help from professionals psychotherapists psychologists who can help in such a situation But if my experiences are to help at least one person it is worth sharing such knowledge That is why this book was written *Billboard*, 2009-10-03 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

Pogue's Basics: Money David Pogue, 2016-11-22 Want to know where you can buy 100 iTunes gift cards for 85 Did you know you can pay your taxes by using a cash back credit card Why are you still paying 235 a year to rent your cable box You're leaving money on the table every day with every transaction you make changing your oil withdrawing ATM cash booking flights buying insurance shopping for clothes squirting toothpaste But in Pogue's Basics Money the third book of this New York Times bestselling series David Pogue proves that information is money Each of his 150 simple tips and tricks includes a ballpark estimate of the money you could make or save Okay you won't use every tip in the book but if you did you'd come ahead by 61 195 a year

Uncharted Territory Chris Dalla Riva, 2025-11-13 Popular music history collides with data analytics charts and numbers

in this insightful and surprising look at the greatest hits and musicians fads forgotten artists and much more Data analyst and musician Chris Dalla Riva reframes everything you thought you knew about music Did you know that hit songs in the late 1950s were regularly about gruesome death That a US vice president wrote a number one hit That while TikTok has spawned countless hits it s made artists more anonymous than ever before That pop songs have shaped race relations in the United States That the key change died around 2003 And that s just the beginning Coupling hard data with engaging anecdotes Uncharted Territory is both a takedown and celebration of popular music and provides new ways to think about your favorite songs genres and artists from the last 6 decades using unexpected statistics and playful visualizations This entertaining history is filled with the most popular musicians of all time from The Beatles and The Bee Gees to Michael Jackson Mariah Carey and beyond Whether you danced the twist or the dougie at your senior prom you re sure to never listen to music again in the same way
