30 DAYS TO LIVE SUPER HAPPILY Volume 1: Erase the "Blindness" of Happiness Hồ Vĩnh Thùy Linh, What would happen if someone poured loving beautiful thoughts into your mind every single day Life Is Like a Dream From Pain to Super Happiness Dear friend Have you ever felt like a flame always burning ready to set everything around you on fire That used to be me a real Volcano Mountain People often joked that I was born in the hour of fire on the day of fire in the month of fire and in the year of fire And they were right I could ignite at any moment Anyone who came close to me would feel like meeting a prickly hedgehog shooting out sharp spikes called anger frustration and resentment But that outburst of fire wasn't just a flash of anger it was the silent scream of a soul that had been suppressed to its very limit I still remember that day so clearly the day that changed everything Standing on the stage when my teacher asked Linh how long have you been holding yourself together every word pierced straight into my mind At that exact moment I heard a loud boom inside my head a sound like a gunshot shattering all the thick walls I had built for years to protect my true feelings from being seen At that very moment my body felt completely drained of strength My legs went weak and I staggered clutching the nearest chair to keep myself from collapsing to the floor Yet it wasn't just my body my soul was trembling too like an old fortress finally being shattered by the power of a single question that seemed simple but carried a truth I had never dared to face All the painful memories burst out like a swarm of bees escaping from a cage that had held them captive for too long flooding my entire mind Every fragment of the past appeared like fast forwarded movie clips playing again and

again without end I broke down crying uncontrollably each sob tearing through my chest My breath caught as if an invisible stone were stuck in my throat blocking every bit of air struggling to reach my lungs The feeling of lacking oxygen surrounded me as if an invisible hand were gripping my neck squeezing out every bit of my ability to breathe Inside my head a desperate voice screamed Breathe Linh Please just breathe But my body no longer seemed to obey I thought I was about to die drowned by the suffocating emotions and memories that I could no longer control It felt as if I were sinking slowly to the bottom of the ocean struggling to break free from the invisible chains pulling me deeper I tried to reach upward for just one breath of air but the more I fought the more I was dragged down into helplessness and utter despair In that moment everything around me seemed to disappear only an overwhelming fear remained consuming both my body and my soul Thankfully my teacher gently said Everyone can go up and give Linh a hug Immediately a woman from the audience stepped onto the stage wrapped her arms tightly around me and whispered It's okay Linh Everything is over now You're safe Her words felt like a warm stream of blood flowing back into my heart a heart that had long been drained of love It didn't stop there More than twenty people in the room rushed onto the stage each taking turns to hold me comforting me with gentle pats and quiet warmth Those hugs were not just simple gestures of affection they were like rays of warm sunlight slipping through my skin and touching every tense muscle that had been fighting against layers upon layers of painful memories Each embrace carried a miraculous energy that slowly relaxed the tightness in my body gently releasing the pain that had been locked inside me for so long I could feel the tension inside my body slowly releasing the invisible armor I had wrapped myself in to fight against the world beginning to fall away I felt the stone that had been stuck in my throat gradually dissolve and my breath returned slow gentle and steady But that was also the moment when the box of sorrow I had kept sealed for so long burst open After that day I became like an overinflated balloon of emotions ready to explode at any second Even a gentle word could make me cry and the smallest mistake from anyone could ignite my anger like a volcano erupting I kept telling and retelling my stories of pain to everyone around me as if I needed the whole world to know that I was the victim of twenty five years of being mistreated by life itself Then came Ms Lisa Truong like a beam of light dispelling the darkness in my life She taught me the most essential principles of living and guided me onto the path of cultivating my heart and mind through Truthfulness Compassion and Forbearance It was a journey that helped me see through the true nature of life and completely transform my soul allowing me to live in Super Happiness every single day I realized that Life is like a dream how many times can we truly be happy and that no one but myself could change my own reality I could no longer live under the shadow of the past nor continue being the victim in the story of my own life So I decided to change Instead of letting those painful and resentful memories become a life sentence that would imprison me forever I turned them into precious lessons the foundation for me to grow stronger wiser and live a life of Super Happiness with a heart full of Truthfulness Compassion and Forbearance With each passing day I could clearly feel the changes within me No longer a frightened hedgehog with its quills raised I was

slowly becoming a better version of myself gentle loving and filled with deep gratitude for my parents my beloved younger brother and for everyone everything and every moment that unfolds in my life The miracle is that boundless love overflowing happiness and those wondrous blessings had always been present in my life since the very moment I was born But before I was like someone blind to happiness lost in emotional wounds and painful experiences I hadn't realized how deeply I was loved or that my life had in fact always been filled with joy and profound warmth all along Now I live by a high standard of Truthfulness Compassion and Forbearance I've realized that as long as I maintain this state of mind every direction in life becomes good and every path ahead opens wide and clear More than that I created my own unique method Turning pain into an auto generating asset of growth Yes instead of letting the past weigh me down I use it as the foundation to build a new life one filled with joy and Super Happiness growing brighter with each passing day Not only did I transform myself but I also had the opportunity to walk alongside many entrepreneurs millionaires and devoted learners helping them discover joy and happiness in every single moment of life We never forced ourselves to swallow the frog under the pressure of harsh self discipline just thinking about it could send chills down our spines Instead our true measure of success is the Happiness and Love Index a simple yet powerful metric that guides every step we take on the journey of Super Happiness By living in a state of complete love ease and joy as the main thing we naturally live independently freely and in Super Happiness every single moment A high level of Truthfulness Compassion and Forbearance has become our guiding compass not only multiplying our productivity five or even tenfold but also transforming each day into something more meaningful overflowing with goodness and filled with endless love continuously shared with the community My dear friend I don't want you to feel lonely lost or suffocated by the same kind of pain I once endured Instead I hope you can feel the light the warmth and the strength to live a life that is whole and meaningful It is the deep experiences of my life that inspired me to write 30 Days to Live Super Happily This is not just an ordinary book I hope it becomes a guiding light and a loving companion overflowing with warmth on your journey My wish is that each page will help you discover the path to happiness peace and love that fills every moment of your life After reading the entire book mindfully for the first time each day you only need to spend at least five minutes reading and another five minutes reflecting on how to apply it in real life By doing so you've already built the foundation for the remaining twenty three hours and fifty minutes of your day to overflow with Super Happiness Those few short minutes are like planting a small seed in your soul as you nurture it day by day your whole life will blossom into a garden of Super Happiness filled with fragrant flowers and sweet fruits And of course if you spend even more time each day reading practicing and refining small details your garden will soon shine brighter than ever Even more wonderful is this if from today until the end of your life you simply keep this small habit then when the time comes to leave this world you will go with a satisfied smile because you have truly lived a life of Super Happiness complete and fulfilled in every single moment Don't just believe my words experience and feel your own journey of Super Happiness Because only you can truly create and fully feel

happiness from the smallest simplest moments of love to the greatest and most magnificent things in life Start right now my friend
