Stem Kits Hulu In The Us:

Focus On: 100 Most Popular American Impressionists (Entertainers) Wikipedia contributors, *Crowdsourcing the Law* Francine Banner, 2019-08-27 While the general public may feel uncomfortable discussing sexual assault and violence with neighbors or coworkers the popularity of Twitter Snapchat and a host of other social media platforms suggests that we are not shy about expressing our opinions online Debates that just a few years ago would have taken place in real life have been relocated online allowing eager commenters to share their thoughts on guilt or innocence with legions of virtual strangers Crowdsourcing the Law explores how everyday participants interpret and apply law in the influential online court of public opinion Engaging a multidisciplinary case study approach the book analyzes social media comments about public figures such as Bill Cosby Brock Turner and Harvey Weinstein to address ambitious questions like How are rape myths being challenged reinforced and reinvented on social media What is the promise and peril of the MeToo movement for transforming the law And can due process be afforded in the face of an increasingly powerful virtual jury

Enemy Feminisms Sophie Lewis, 2025-02-18 From the author of *Abolish the Family* a provocative compendium of the feminisms we love to dismiss and making the case for the bold liberatory feminist politics we ll need to stand against fascism nationalism femmephobia and cisness In recent years white feminism and girlboss feminism have taken a justified beating We know that leaning in won t make our jobs any more tolerable and that white women have proven to be at best unreliable allies But in a time of rising fascism ceaseless attacks on reproductive justice and violent transphobia we need to reckon with what Western feminism has wrought if we have any hope of building the feminist world we need Sophie Lewis offers an unflinching tour of enemy feminisms from 19th century imperial feminists and police officers to 20th century KKK feminists and pornophobes to today s anti abortion and TERF feminists Enemy feminisms exist Feminism is not an inherent political good Only when we acknowledge that can we finally reckon with the ways these feminisms have pushed us toward counterproductive and even violent ends And only then can we finally engage in feminist strategizing that is truly antifascist At once a left transfeminist battlecry against cisness a decolonial takedown of nationalist womanhoods and a sex radical retort to femmephobia in all its guises **Enemy Feminisms** is above all a fierce brilliant love letter to feminism
