**Mastering Apple Watch** Adidas Wilson, Apple watch is renowned for its wide array of features from the ability to make calls, receive text messages, directions as well as monitoring your movement among others. But this is not all Apple Watch has to offer since it packs numerous features that you will find interesting. Another thing you can do with this watch is customize your built-in messages to fit your desire. Go to the watch's app on your iPhone, then select messages and proceed to default replies. You will see all the replies that are currently on your iPhone and swap any of them that you don't like to add something new. You can also use this setting if you are thinking about sending the same messages to your friends repeatedly. In case you want to return to the app that you were using last, it is not required to configure the watch settings over again from the start. You can start by simply double pressing on the digital crown to launch the last app you used instantly.
