Wasting Your Wildcard David Wardale, 2018-07-26 Welcome to the obsessive world of Fantasy Football where managers will do anything to succeed. Every Saturday afternoon 5.8 million people around the world settle down to see how their team will get on. But this isn't the team they support. It's THEIR team. They have spent hour after hour assessing injuries, swapping subs and tweaking formations. Because when the day is done and the scores are in, they want to be able to look in the mirror and say THAT TRIPLE CAPTAIN CALL WAS AN ACT OF GENIUS. David Wardale, writer for the UK's number one Fantasy Football site Fantasy Football Scout, meets previous winners to discover how they beat millions to the crown. He reveals the leagues where failure involves outright humiliation and discovers just how low some managers will go to claim a psychological advantage. Along the way, he finds Saudi sheikhs, stats professors, most of Norway, and a member of one of the biggest pop bands of all time, all of them united by their unflinching desire for Fantasy Football greatness.

Class and Everyday Life Kirsteen Paton, 2023-11-28 Exploring the issues of class through in-depth studies of housing, sport, art, music, and politics in Britain, *Class and Everyday Life* persuasively demonstrates the pervasive influence of class on everyday life and the need to centre a radical understanding of class within emancipatory political movements. The need for a more expansive understanding of class is politically urgent. There is a disconnect between descriptive and analytical approaches to class and the politics of class and realities around how class is lived. Discourse has been shaped by top-down frameworks of analysis and measurements which

have stripped the study of class of its political radicalism This book makes the case for a sociology of class which is informed by a politics of class based upon using the everyday as the point of enquiry It presents a sociology of class from the bottom up which focuses on everyday life and the point at which class is made and remade In doing so it advocates for an attentiveness to class and everyday life through a conjunctural analysis Using an everyday lens this book examines how the shifting conjunctures manifest in everyday spaces in classed ways and how such changes are negotiated resisted and shape the working class subject and communities This is based upon an understanding of everyday classed experiences which identifies and challenges inequalities while also recognising value and hope This perspective aims to offer a recognition of both the opportunities and challenges of class as a way of developing a stronger more politicised understanding of class which takes solidarity and class community power seriously to resist inequality and develop emancipatory politics This urgent and impassioned book will be essential reading for students academics and activists with an interest in the lived experience of class in Britain today *Encyclopedia of Sports Management and Marketing* Linda E.
