Buy Now Emily West, 2022-02-22 How Amazon combined branding and relationship marketing with massive distribution infrastructure to become the ultimate service brand in the digital economy Amazon is ubiquitous in our daily lives we stream movies and television on Amazon Prime Video converse with Alexa receive messages on our smartphone about the progress of our latest orders In *Buy Now Emily West* examines Amazon's consumer facing services to investigate how Amazon as a brand grew so quickly and inserted itself into so many aspects of our lives even as it faded into the background becoming a sort of infrastructure that can be taken for granted Amazon promotes the comfort and care of its customers but not its workers to become the ultimate service brand in the digital economy West shows how Amazon has cultivated personalized intimate relationships with consumers that normalize its outsized influence on our selves and our communities She describes the brand's focus on speedy and seamless ecommerce delivery represented in the materiality of the branded brown box the positioning of its book retailing media streaming and smart speakers as services rather than sales and the brand's image control strategies West considers why pushback against Amazon's ubiquity and market power has come mainly from among Amazon's workers rather than its customers or competitors arguing that Amazon's brand logic fragments consumers as a political bloc West's innovative account the first to examine Amazon from a critical media studies perspective offers a cautionary cultural study of bigness in today's economy

Cultures and Politics of Global Communication: Volume 34, Review of International Studies Costas M. Constantinou, Oliver P. Richmond, Alison Watson, 2008-06-12 This special issue of *Review of International Studies* focuses on how International Relations IR communicates with the world and vice versa It opens up the discussion of the politics of communication within the discipline and beyond With a variety of different mediums ranging from media film memory music culture and emotions this book seeks to accentuate their importance for IR both as a source of knowledge and as an ideational exchange which shapes IR It examines the diverse ways that multidisciplinary thinkers try to understand and explain global routes mobilities cultures commodifications singularities discourses and aestheticisations This special issue specifically addresses three interrelated themes How international and global studies approach the question of communication how to conceptualise and respond to the globalisation of communication and how global problems get communicated within and across the institutional settings of the epistemic disciplines in general and the IR discipline in particular
