

Fantasy Football In The Us

S Ben Porath

Fantasy Football In The Us:

American History through American Sports Bob Batchelor, Danielle Sarver Coombs, 2012-12-18 Filled with insightful analysis and compelling arguments this book considers the influence of sports on popular culture and spotlights the fascinating ways in which sports culture and American culture intersect This collection blends historical and popular culture perspectives in its analysis of the development of sports and sports figures throughout American history *American History through American Sports* From Colonial Lacrosse to Extreme Sports is unique in that it focuses on how each sport has transformed and influenced society at large demonstrating how sports and popular culture are intrinsically entwined and the ways they both reflect larger societal transformations The essays in the book are wide ranging covering topics of interest for sports fans who enjoy the NFL and NASCAR as well as those who like tennis and watching the Olympics Many topics feature information about specific sports icons and favorite heroes Additionally many of the topics treatments prompt engagement by purposely challenging the reader to either agree or disagree with the author s analysis

Religion and Sport in North America Jeffrey Scholes, Randall Balmer, 2022-09-13 From athletes praising God to pastors using sport metaphors in the pulpit the association between sport and religion in North America is often considered incidental Yet religion and sport have been tightly intertwined for millennia and continue to inform shape and critique one another Moreover sport rather than being a solely secular activity is one of the most important sites for debates over gender race capitalism the media and civil religion Traditionally scholarly writings on religion and sport have focused on the question of whether sport is a religion using historical philosophical theological and sociological insights to argue this matter While these efforts sought to answer an important question contemporary issues related to sports were neglected such as globalization commercialization feminism masculinity critical race theory and the ethics of doping This volume contains lively up to date essays from leading figures in the field to fill this scholarly gap It treats religion as an indispensable prism through which to view sports and vice versa This book is ideal for students approaching the topic of religion and sport It will also be of interest to scholars studying sociology of religion sociology of sport religion and race religion and gender religion and politics and sport in general
