Now you're looking for ways to ratchet things up. You're looking for the insider tips and tricks for the easiest ways to take care of listing items, completing transactions and keeping good records, and you don't have the time to do all the research. *eBay Timesaving Techniques For Dummies* is the book for you. Marsha Collier, an eBay University instructor and best-selling author of *eBay For Dummies* and *Starting an eBay Business For Dummies*, has collected the fastest and most effective techniques for finding items to sell, setting up your sales pages, pricing items to move, getting the word out about your business, collecting payments, shipping your item, and taking care of all the paperwork. Time is money, after all. So why waste time when you can be making money on eBay? This book contains over 60 step-by-step techniques proven to add efficiency to your eBay operation. Includes coverage of finding sources for merchandise to sell on eBay, setting attractive prices and shipping costs, handling multiple sales without losing your cool, prettying up your auctions with digital photo and HTML tricks, tracking payments and shipments, and keeping your customers happy. eBay Business All-in-One Desk Reference For Dummies Marsha Collier, 2005-04-15 Bestselling author Marsha Collier presents readers with an all new guide that goes beyond all previous eBay business books, offering one-stop guidance on eBay techniques as well as entrepreneurial fundamentals. She provides in-depth coverage on the most critical eBay topics, including merchandise sourcing, marketing, advertising, and customer service. The minibooks that make up the guide cover eBay registration, navigation, and buying; getting ready to sell; digital photography and scanning for sales pages; eBay selling and marketing; getting legal and licensed; using auction management software; setting up an office; PCs; Internet networking and shipping; and PayPal. Marsha Collier's eBay books have sold hundreds of thousands of copies, and her *Starting an eBay Business For Dummies* is currently the bestselling eBay reference on the market. This one-stop reference examines not only eBay techniques and issues but also the basic business strategies that people need to run any successful venture. [eBay Rescue Problem Solver](#) Kevin W. Boyd, 2009 eBay's made-e-z The troubleshooter for avoiding expensive mistakes. Selling on eBay can be confusing, frustrating, and often discouraging, no matter the seller's skill level. Most sellers are self-taught, starting with a beginner's book and progressing to trial and error listings that produce hit or miss results and expensive mistakes. eBay sellers often have so many questions, problems, and at the same time so many creative ideas that sometimes listing paralysis occurs. Where do they go to get their answers? eBay's help desk representatives can only provide sterile, procedural answers, not practical, tactical solutions. Many good books about eBay are on the market, and although the more intermediate and advanced books provide good tips and strategies, they miss the most critical need eBay sellers have.
