Conspiracy Theories in International Relations Katarzyna Gruszko, Tomasz Gajewski, 2026-01-22 The book maps the impact of conspiracy theories at the international political level. It shows how a conspiracy theory travels from the sender through communication channels to the receiver, influencing the processes of construction and deconstruction of the interpretation of the surrounding reality. It therefore serves as an instrument of information warfare to create international advantage, generate profits, or achieve ideological goals. The book presents academic reflection on a socially important problem: conspiracy theories, their patterns of dissemination, and their impact on identity formation. This book is of key interest to scholars and students of conspiracy theories, global governance, global security, international studies, relations, and social psychology.

The Keys to the Kingdom Andi Sulistiadi, 2025-07-21 This is not merely another theological discourse nor a rehashing of ancient dogmas. This is an audacious journey into the heart of the divine mystery, an unsealing of truths hidden in plain sight within the parables. The summons to repentance and the elusive Keys of the Kingdom found in the Gospel. We will cast aside the encrustations of centuries of interpretation, the limitations of singular perspectives, and the divisions born of human understanding. Our quest is rooted deeply in the spirit of the ancient Heritage Kingdom of Nusantara, a land where profound spiritual quests have always intertwined with daily life, and where the search for divine wisdom has shaped civilizations.
