The latest Transparency International report for 2023 shows that Indonesia's corruption perception index was recorded at 34 points on a scale of 0-100 in 2022. This is a 4-point decrease from the previous year. This decline in the CPI also brought down the ranking of Indonesia's CPI globally. It was noted that Indonesia's CPI in 2022 ranked 110th. In the previous year, Indonesia's CPI was ranked 96th globally. Good Governance is all aspects related to the control and supervision of the power of the Government in carrying out its functions through formal and informal institutions. To implement the principles of Good Governance and Clean Government, the Government must implement the principles of accountability and efficient resource management. Good and clean governance will contribute to economic growth, and economic growth will have an impact on human development. During the last decades of the 20th century, the needs for a good governance have given some impacts and became a recurring theme in literature related to human development. The intervention of government or the quality of government become crucially important in relation to the high achievement of human development. Whereas an effort in improving society's welfare is through economic development. One of dominant aspects in economic development is through legal development. Good law or policy in such country will have some impacts to the existence of good economic growth because supremacy of law is one aspect of a good governance. Law supremacy is an important institution which is related to economic growth because rule of law ensures personal safety, property rights, unbiased contract enforcement, stability of politics, freedom of speech, and control of corruption. According to those various issues and debates on economic legal development and good governance, then the Doctoral Program of the Faculty of Law Sebelas Maret University needs to hold an international conference as a place in exchanging some academic ideas in order to contribute to those legal issues with a theme: INTERNATIONAL CONFERENCE ON LAW, ECONOMICS AND GOOD GOVERNANCE.

The Last Man Standing
 Conrad Riker, THEY TOLD YOU TO APOLOGIZE FOR BEING A MAN. HERE'S HOW TO FIGHT BACK. Are you tired of being labeled toxic for protecting your family, working hard, or speaking your mind? Do you see masculinity, fatherhood, and Western values being dismantled while being called a bigot for noticing? Have you been silenced for refusing to kneel to pronouns, queer theory, and feminist lies? Unmask the academic lies behind toxic masculinity and reclaim your biological birthright. Discover the science feminists hate: why men dominate, greatness, sacrifice, and civilization. Reclaim your right to fatherhood, single-sex spaces, and a society that rewards masculine strength. Join the growing army of men exposing woke corporations, gender cults, and the war on boys. Protect your legacy from replacement agendas, divorce traps, and state-sponsored emasculation. Arm yourself with data, stories, and strategies to crush progressivism in schools, media, and law. Learn why testosterone, not therapy, solves male suicide, loneliness, and the beta epidemic. See how Hungary, Andrew Tate, and real men are winning the culture war, and how you can too. If you want to STOP APOLOGIZING, ignite your primal purpose and join the rebellion, saving men from extinction. BUY THIS BOOK TODAY BEFORE THEY BAN IT.
