players revealing the struggles they've had with local police officials in their efforts to seek justice. He also goes inside the dressing room to find out how attitudes of misogyny and homophobia continue to flourish and speaks to former players who were forced to perform degrading acts of initiation in order to be one of the guys. Looming large in Westhead's extraordinary reporting are the gatekeepers of the game: league officials, team owners, and members of the sport's governing bodies who are reluctant to impose change from the outside and willing to sacrifice the well-being of their players and the community for profit. Westhead offers hope for hockey's future, profiling those individuals and organizations who are committed to educating players around issues of consent, putting an end to hazing, and redefining what it means to be a man on and off the ice. Featuring a Foreword by bestselling author Stephen Brunt, *We Breed Lions* is must reading for parents, players, and all of those who love the game of hockey and want to see it get to a better place.

The Routledge Handbook on Sports Law and Governance Annette Greenhow, John Wolohan, 2025-03-25. The Routledge Handbook on Sports Law and Governance provides a definitive guide to the regulation of international and national sport through the lens of both regulatory governance and legal frameworks. Over the past several decades, law, regulation, and governance associated with international and national sport has grown exponentially, aligned with professional and elite-level sport development. The organisation and sophistication of international and national sporting competitions create an environment where pressures such as the sports ethic and strong incentives to win give rise to both novel problems and reoccurring themes. Exploring a wide range of perspectives across disciplines and transcending jurisdictional boundaries, the handbook analyses complex international and national sports challenges. Taking a nuanced approach to traditional themes, it recognises the context and sport as a regulatory domain when applying law and legal frameworks. This book is an essential resource for students and academics exploring issues in international and national sports law, sports regulation, and sports governance.

Reflections Trevor R Shaw, 2025-08-06. Suddenly here I am with most of my life in the rear view mirror and not much road left ahead. I am wondering, OK, what's it all about, Alfie? This is an attempt to answer that question and to leave something behind that might be of some use. At the age of seventy-eight, Trevor Shaw, a husband, father, and grandfather, an accountant, an auditor, a manager, a teacher, an artist, a photographer, and a student in the martial arts of Wing Chun and Tai Chi, reflects on life. From the personal to the political, from the micro to the macro, he discusses what he's learned throughout his life and what he thinks of where we're headed next. After a long life well lived, he offers wit and wisdom for some grounding in the escalating chaos of today's world, along with what is needed for an individual to cope and for making the world a better place. Delivered in a highly readable, warm, sharply communicated style with a voice that's pleasant to encounter and a point of view that's always thought-provoking, *Reflections* is often not only helpful on a personal level but includes some highly cogent, well-informed, and incisive reflections on life in general, along with a frank analysis about where we're headed next.

In the Shadow of the Temple Oskar Skarsaune, 2025-08-04 Oskar Skarsaune makes a fresh contribution to our understanding of the development of the early church in its practice e.g. worship baptism and Eucharist and doctrine e.g. Scripture Christology pneumatology This book offers the new perspective that Christians were in ongoing and deep conversation with Jews during the early centuries leading up to Constantine The common perception of a drastic parting of the ways after the destruction of Jerusalem in 70 A.D. has tended to distort our understanding of the succeeding decades and centuries of Jewish and Christian history Notwithstanding the fact that there were points of bitterness and strife the relationship is better viewed as that of a younger and older sibling There is much evidence of interaction between the early Christians and rabbinic Judaism both at the level of leadership and laypeople and this left its impression on the church Skarsaune gives us numerous fascinating episodic and topical glimpses into this untold story

Just Call Me "Andi" Andria Petrillo, 2025-10-21 Andi Petrillo explores the sexism she's faced and the relationships she's built offering an underreported crucial perspective on sports broadcasting from one of North America's top female sportscasters When working with Andi three things become glaringly apparent She's extremely funny has unmatched knowledge on whatever the subject is and her bullshit barometer doesn't go very high Just Call Me Andi has all these things and much more Craig McMorris sports analyst and professional snowboarder When Andi Petrillo decided to pursue a career in sportscasting a woman offering her opinion on sports was still a novelty She was constantly being criticized scrutinized and sexualized but her love for sports and her determination to prove she deserved to be doing what she loved propelled her into a successful and historic career From becoming the first woman to be part of the Hockey Night in Canada in studio broadcast to being the first woman to host a daily sports radio talk show in Canada Leafs Lunch on TSN to being the first woman to win a Canadian Screen Award for Best Sports Host she's come to see her perseverance as inspiration for young women who now believe they too can achieve great things in sports broadcasting Just Call Me Andi shares many of the obstacles Petrillo's faced as well as the incredible friendships she's made and the lessons she's learned along the way It also provides a behind the scenes look into the industry explaining why editorial and broadcast decisions are often made and how the broadcasting world has evolved in the era of streaming and social media Women have come a long way in sportscasting but it may surprise people to learn about the pervasive sexism and the downright ridiculous requests that are still made of women that are not made of men Petrillo's story is both heartbreakingly honest and deeply insightful providing a roadmap for future broadcasters navigating similar challenges so that female voices in sport are the norm not the exception
