Computational Propaganda Samuel C. Woolley, Philip N. Howard, 2019 Social media platforms do not just circulate political ideas they support manipulative disinformation campaigns While some of these disinformation campaigns are carried out directly by individuals most are waged by software commonly known as bots programmed to perform simple repetitive robotic tasks Some social media bots collect and distribute legitimate information while others communicate with and harass people manipulate trending algorithms and inundate systems with spam Campaigns made up of bots fake accounts and trolls can be coordinated by one person or a small group of people to give the illusion of large scale consensus Some political regimes use political bots to silence opponents and to push official state messaging to sway the vote during elections and to defame critics human rights defenders civil society groups and journalists This book argues that such automation and platform manipulation amounts to a new political communications mechanism that Samuel Woolley and Philip N Howard call computational propaganda This differs from older styles of propaganda in that it uses algorithms automation and human curation to purposefully distribute misleading information over social media networks while it actively learns from and mimicks real people so as to manipulate public opinion across a diverse range of platforms and device networks This book includes cases of computational propaganda from nine countries both democratic and authoritarian and four continents North and South America Europe and Asia covering propaganda efforts over a wide array of social media platforms and usage in different types of political processes elections referenda and during political crises

McDonaldization Society Now Ian Tinny, Dead Writers Club, Micky Barnetti, Dr. Rex Curry, McDonald's started in 1940 in the USA. At that time much of the planet was being terrorized by Stalinization and Hitlerization. German socialism and Soviet socialism had partnered in a pact to divide up Europe launching World War II invading Poland together and going onward leading to the socialist Wholecaust of which the Holocaust was a part. It was a globalization conspiracy to make everyone in the world as equal as a cog in a collectivist wheel. After the Allies defeated German socialism Soviet socialism continued the sordid plot on its own. Stalin's anti consumption dogma had already starved millions to death under his collectivization of food. His get poor quick scheme continued to impoverish multitudes for decades. In contrast in the USA McDonald's began posting the number of hamburgers sold in 1955. The signs over the golden arches said over a million served. Soviet socialists colluded with Chinese socialists despite Stalin's earlier experience cooperating with German socialists. The Chinese mimicked Stalin's one size fits all food bureaucracy. Soon Mao's death toll by starvation rivaled Stalin's. Their bogus right to free socialized medicine could not cure stage 4 hunger not even pain pills nor palliative care was provided. Soviet socialism and Chinese socialism both independently caused cannibalism think of it as slow food not fast food. While McD's asked Do you want fries with that socialists asked Do you want flies with that. Due to the lack of reliable electricity and refrigeration similar unhappy meals followed the same irrational socialization chaos in other countries. Socialism is a high mortality dogma. In 1991 the Union of Soviet Socialist Republics ceased to exist because its socialization economy collapsed. In 1993 *The McDonaldization of Society* by George Ritzer was published. In the

book Ritzer writes as if he is ignorant that members of Hitler's group did not call themselves Nazis but called themselves socialists and touted socialism by the very word in voluminous writings and speeches. In that regard Ritzer perpetuates widespread ignorance among college students. Ritzer seems ignorant of the death tolls under Stalin and Mao who also glorified socialism voluminously by the very word. It says more about Ritzer than it does about McDonald's. In 1994 McDonald's stopped counting hamburgers served because the quantity surpassed 99 billion. Today McDonald's is so loved that it can boast that billions and billions have been served. During that same time socialists can boast that millions and millions have been starved to death. The USA has avoided many monotonous horrors of collectivization and socialism's trademark mass starvations. McDonaldization and other all capitalism saved us from McStalinization, McHitlerization, McMaoism and defeated other McSocialization in America. Even so, The McDonaldization of Society is used as a textbook in American college classes that bad mouth capitalism and glorify socialism. Young people are being brainwashed in schools and universities. In how many other ways is the USA being victimized by anti-capitalist propaganda? The USA was the origin of Nazi salutes and Fascist behavior through the propaganda of an American Socialist, Francis Bellamy, author of the USA's Pledge of Allegiance to the Flag. America's Nazi salute was often performed by public officials in the USA from 1892 through 1942, near McDonald's start. What happened to old photographs and films of the American Nazi salute performed by federal, state, county and local officials? Those photos and films are rare because people don't want to know the truth about the government's past. American youth groups, Scouting, adopted Bellamy's American Nazi salute with Bellamy's encouragement AND saluted swastika badges worn by fellow scouts. Many Americans were accustomed to Nazi salutes for swastikas long before German socialism and Hitler Youth adopted similar behavior under Hitler. That helps to explain another shocking revelation: swastikas were promoted in the US military and worn as a patch on the upper left arm of American soldiers in a fashion that would become uniform under German socialism. There are photos in this book.
