Island Tinkerers Honghong Tinn, 2025-01-07 How Taiwan rose to global prominence in high tech manufacturing from computer maker to the world's leading chip manufacturer How did Taiwan a former Japanese colony and the last fortress of the defeated Chinese Nationalists ascend to such heights in high tech manufacturing In Island Tinkerers Honghong Tinn tells the critical history of how hobbyists and enthusiasts in Taiwan including engineers technologists technocrats computer users and engineers turned entrepreneurs helped transform the country with their hands on engagement with computers Rather than engaging in wholesale imitation of US sources she explains these technologists tinkered with imported computing technology and experimented with manufacturing their own versions resulting in their own brand of successful innovation Defying the stereotype of the West innovates and the East imitates Tinn tells the story of Taiwanese technologists efforts over the past six decades Beginning in the 1960s they

grappled with the black boxed computers that were newly available through international technical aid programs Shortly after multinational corporations that outsourced transistor and integrated circuit assembly overseas began employing Taiwanese engineers and factory workers Island tinkerers developed strategies to adapt modify assemble and work with computers in an inventive manner It was through this creative and ingenious tinkering with computers that they were able to gain a better understanding of the technology opening the door to future manufacturing endeavors that now include Acer Foxconn Asus and Taiwan Semiconductor Manufacturing Company TSMC
