arts entertainment and children s activities Dealing with Goliath David B. Barton,2010-03 Referred to as a hero in one of the most incredible and exciting games in Utah prep history I lived a Cinderella type story that emerged from the 1969 Utah State Championship game Written up in the local paper as the single greatest and momentous play in Utah prep football this game will live forever in the minds of all those who witnessed the spectacle Inspired by the outcome of that monumental game Bill Marcroft a local sportscaster and the play by play voice of the University of Utah football program writes Several times during the past thirty years I ve told the story of the 1969 State playoff game on the air whenever a situation looked bleak for one team or another You play until the final whistle gun or buzzer because on that day long ago I learned that It in t over till it s over Many interesting and unique events transpired leading up to the action packed state game that made this experience even more special The even greater story behind this momentous event adds to the magnitude of what had transpired on that November day Parallels between the game of football and the game of life may be the most important and valuable lessons learned from what many may view as just a game For anyone who has lost hope when life s challenges made it seem hopeless this story may inspire you to go on **Where is the Justice** William F. Hill,2018-02-23 I have always felt that we have greatest country in the world It has always given me great pleasure to see honest hardworking people and who are willing to take risks to get ahead and succeed I always felt that this was that America got to be great and that we all should be working hard to help improve our own lives and the lives of others by carrying on this great American tradition As a result of being brought up with this thinking I am more than willing to go out of my way to try to help people succeed and obtain their goals To see people succeed in their life s goals and ambitions has always been very gratifying to me and given me a good feeling Another thing that always gives me a good feeling is to see couples doing things as a family and with their children To me this is what life is all about and should be about Many of this new generations of do gooders as they are often called seem to think that everybody should live on handouts and that anyone who is successful should be cut back down and not allowed to succeed without their input as this is not fair to the less fortunate in this country What they do not seem to realize or don t want to realize is that the people who are more successful probably do more to help the less fortunate than all the government and giveaway programs can ever hope to do A successful person who has obtained his achievements through hard honest work is usually willing to try to help others reach similar success A person who is successful usually lives in a little better house Many now think that this wrong but that person probably pays several times the property taxes of someone living in a less expensive home This will benefit everyone as this helps to educate their children and pay for many of the local services that people demand today If they hire people to help take care of their homes or properties they are usually paid for with after tax dollars and this creates jobs for the people doing the work Isn t this sharing the wealth Most successful people help create jobs either by expanding their own business or investing on other business I think that in order to get people off welfare and off the government rolls we need all the successful people that we can get in this country

We Have Overcome Jason D. Hill, 2018-07-10 It has been more than fifty years since the Civil Rights Act enshrined equality under the law for all Americans Since that time America has enjoyed an era of unprecedented prosperity domestic and international peace and technological advancement It s almost as if removing the shackles of enforced racial discrimination has liberated Americans of all races and ethnicities to become their better selves and to work toward common goals in ways that our ancestors would have envied But the dominant narrative repeated in the media and from the angry mouths of politicians and activists is the exact opposite of the reality They paint a portrait of an America rife with racial and ethnic division where minorities are mired in a poverty worse than slavery and white people stand at the top of an unfairly stacked pyramid of privilege Jason D Hill corrects the narrative in this powerfully eloquent book Dr Hill came to this country at the age of twenty from Jamaica and rather than being faced with intractable racial bigotry Hill found a land of bountiful opportunity a place where he could get a college education earn a doctorate in philosophy and eventually become a tenured professor at a top university an internationally recognized scholar and the author of several respected books in his field Throughout his experiences it wasn t a racist establishment that sought to keep him down Instead Hill recounts he faced constant naysaying from so called liberals of all races His academic colleagues did not celebrate the success of a black immigrant but chose to denigrate them because this particular black immigrant did not embrace their ideology of victimization Part memoir part exhortation to his fellow Americans and above all a paean to the American Dream and the magnificent country that makes it possible *We Have Overcome* is the most important and provocative book about race relations to be published in this century
