Return to Spirit Christopher B. Soltis, 2019-07-16 Life doesn't come with an instruction manual. We are all born with different circumstances and opportunities and learn from our mistakes and experiences. The knowledge and wisdom gained are invaluable and make us stronger in mind, body, and Spirit. Chris details navigating obstacles of alcohol and drug abuse, severe depression, heart break, and loss from a long-term relationship, being near bankruptcy, and just about wanting to throw in the towel altogether. The only way out is through. This book gives his personal account of spontaneous Kundalini Awakening, which is the physiological mechanism of union of mind, body, and Spirit. Through a disciplined approach to wellness, yoga, and self-inquiry on such topics relating to Spirit, yoga, culture, society, history, philosophy, psychology, relationships, religion, freedom, genetics, evolution, mathematics, numerology, science, energy, astrology, love, paradise, eternity, consciousness, and the universe, Chris established the connection with the subtle body through his energy centers, chakras. His story is there to assist any reader in making the same connection and progressing on the path of spiritual growth and development.

Digital Manifesto Francois Zielemans, 2018-01-01 Business and IT executives are increasingly working side-by-side in an effort to strengthen their company's strategic advantages, capture new markets that are often digital, and realize value from disruptive technologies. Many professionals responsible for defining and executing IT strategy are being continuously pressured to digitize their company's business model and become more agile, innovative, and proactive, yet they lack the knowledge and guidance to achieve results. This powerful guide from IT executive and digitalization consultant Francois Zielemans provides a set of principles and practices that will help executives connect business and IT teams by adopting a shared belief system and business model, converge, or even fuse business and technology life cycles, and increase the agility and effectiveness of the entire digital value chain. Digital Manifesto provides a road map for turning potential value into realized value.
